Subject: Objection to the reopening of Manston Airport
Date: 08 November 2021 14:02:08

I am a resident of Thanet & would like to express my objections to the development of Manston Airport as a freight hub.

My views, previously expressed over a number of planning applications, have stayed consistent.

For the residents of Ramsgate & Herne Bay the negative impact, in terms of excess noise, pollution & disruption to quality of life, are just too great.

Since Manston ceased operating housing development in close proximity have increased, exposing more residents to harm.

The commercial argument as a transport hub should have ruled Manston out because of its geographic location.

It was never designed for commercial use but as an airfield for a bygone era.

With the peninsula location of Thanet, & therefore Manston, haulage costs increase in terms of mileage & pollution.

Yours sincerely,

Mr C Mitchell [REDACTED]
