First, many thanks for your email.

Personally, I have nothing further to add to my points in favour of the above contained in my submission made 26.10.2018.

I most certainly concur with the points raised by Sir Roger Gale MP in particular with the proposed investment in excess of £300 million in this project.

It dwarfs the £19.8 million proposed Ramsgate “Levelling Up” fund.

Surely, the investment in the Manston Airport project of £300 million, would do so much more for the whole area, having been virtually financially neglected for far too long.

Sincerely,

Mervyn Gidman
