Dears Sirs

I am responding to the latest report by Ove Arup complied for the Secretary of State and note that it totally agrees with the DCO Examiners that there is obviously no actual need for an Airport at Manston.

This is agrees with the previous numerous reports that all come to the same conclusion, I can not see how the Secretary of State can go against all of the various commissioned reports that all state No Need.

RSP state that it is 4kms to Ramsgate , in fact Nethercourt starts just 1.37km from the runway end.

Absolutely no way can all of these reports be ignored.

Regards

Rita Burns
