I live in [REDACTED] and I support the redevelopment of Manston as an airport.
Thanet urgently needs jobs, especially for the young.
This development would act as a feeder for many
Companies who would supply the infrastructure, from Grocery to IT and many service industries.
It will serve as an employment hub and bring many needed job opportunities.
Unlike building projects which are transitory and of limited duration this will mean permanent
employment for many years.
It will also hopefully reduce the constant vehicle trudge up the line towards London for
employment and thereby have an incidental green bonus.
Harvey Blaymire
