Subject: Manston Airport. Best Tracey Deakin Founder/Partner/COO Le Bas Intl

Hello Grant - I acknowledge your Linkedin reply - Noted.

Manston Airport.

My history since 1976 is vested in Manston Airport. I have been offering guidance to the Riveroak team for the past several years. With new aviation technologies being designed, immense value for return will be forthcoming once the airport is operational.

Your team guidance is requested.

Please be so kind as to reply regarding an amended DCO/RO timeline status relating to the reopening of Manston.

PS I love the future vision for the UK railways - Long overdue.

Best Tracey

Tracey Deakin, COO [REDACTED]
Le Bas International Air Division [REDACTED]
