Re: TR020002 Manston Airport DCO Non-material changes

Dear Sirs,

I believe the 2 non-material changes proposed by RiverOak Strategic Partners (RSP) are logical.

The first change includes compensation to the previous owners, Stone Hill Park, but as RSP bought the airport on the last day of the Examination, the original sum is far too large. Hence the reduction.

The second non-material change proposed by RSP is because they feel the wording of Article 21 (3) is ambiguous. It might be interpreted that RSP would have to exercise its powers of compulsory acquisition immediately after the end of any legal challenge, rather than within one year. This non-material change is designed to give clarification to avoid this potential problem.

I confirm that I believe the 2 non-material changes are logical and would therefore ask that the Secretary of State for Transport grants the Applicant, RSP, permission to make them.

Yours faithfully,

Angela Stevens.
