Subject: Re: Updates for Manston Airport
Date: 01 September 2023 18:48:56

[Have understood this is asking for feedback for or against the airport reopening? If so please see below].

There will be direct and indirect benefit by opening the airport for employment, businesses, contractors, transport infrastructure and connections to other cities, travel, tourism, generating taxes and increased council funding, more expenditure, and many other positive knock on effects that build over time. It appears many people are getting behind the idea of a green sustainable airport for Manston, with minimal negative impact through innovation and technology advancement so in the medium to long term, Manston and Kent could be poised to lead Regionally, Nationally and Globally.
