

Gatwick Airport Northern Runway Project

Application Form

Book 1

VERSION: 1.0

DATE: JULY 2023

Application Document Ref: 1.2

PINS Reference Number: TR020005

Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

* required information

Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

* Do you have a reference number?

Yes No

* Reference number

1. Applicant

* Organisation

Address

* Building number or name

* Street

* City or town

County or administrative area

* Postcode

* Country

* Name of contact

* Telephone number

Fax number

* Email

2. Agent

* Are you an agent acting on behalf of the Applicant?

Yes No

3. Fee

* State the arrangement for the application fee payment:

BACS CHAPS Cheque

* Please provide payment reference details

Continued from previous page...

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The application is required because the proposed works to Gatwick Airport are classified as a nationally significant infrastructure project under sections 14(1)(i) and 23(1)(b), (4), (5) and (6) of the Planning Act 2008 as an airport-related development that would result in an increase of at least 10 million per year in the number of passengers for whom the airport is capable of providing air passenger transport service.

Furthermore, the proposed works to highways as part of the proposed development are classified as a nationally significant infrastructure project under sections 14(1)(h) and 22(1)(b), (3) and (4) of the Planning Act 2008 as they involve the alteration of a highway in England to which National Highways is the highway authority where the speed limit is 50 mph or over and the works each exceed the 12.5 hectare limit that applies to that category of road.

As the proposed works comprise nationally significant infrastructure projects, an application for a development consent order must be made to the Secretary of State under section 37 of the Planning Act 2008. Section 115 of the Planning Act 2008 allows the Secretary of State to grant development consent for associated development falling within that section.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

The application seeks powers to enable dual runway operations at Gatwick Airport through altering the existing northern runway, lifting restrictions on the northern runway's use and delivering the upgrades or additional facilities and infrastructure required to increase the passenger throughput capacity of the airport. This includes substantial upgrade works to certain surface access routes which lead to the airport.

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

The proposed works are predominantly located on the site of the existing Gatwick Airport and the sites of the existing surface access highways routes that lead to the airport. Gatwick Airport is in Crawley, West Sussex and some of the surface access infrastructure is in the county of Surrey. The location of the proposed development is shown on the Location Plan (Doc Ref. 4.1).

* Is the site a single site or a linear site?

- Single site Linear site

Grid reference

* Easting

* Northing

* Document reference

7. Associated Development

* Associated Development is included within this application:

- Yes No

14. c) Publicity required under Regulation 13 of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (or where the transitional provisions apply, Regulation 11 of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009)

In addition to publishing the notice, a copy of the notice was sent to:

* the consultation bodies

* Yes

* the persons notified to the Applicant in accordance with Regulation 11(1)(c) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (or where the transitional provisions apply, Regulation 9(1)(c) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009):

Yes No, not applicable

15. European sites (to which Regulation 63 of The Conservation of Habitats and Species Regulations 2017 and/ or Regulation 28 of the Conservation of Offshore Marine Habitats and Species Regulations 2017 applies) or a Ramsar site.

* Report required for this application:

Yes No

* Document reference

ES Appendix 9.9.1: Habitat Regulations Assessment Report (Doc Ref. 5.3)

Add another reference

16. A plan, with accompanying information, identifying any statutory or non statutory sites or features of nature conservation, geological or landscape importance; habitats of protected species, important habitats or other diversity features; and water bodies in a River Basin Management Plan - together with an assessment of any effects likely to be caused by the Proposed Development.

* Issues are relevant for this application:

Yes No

Rights of Way and Access Plans (Doc Ref. 4.6)

Add another reference

22. Additional information for specific types of infrastructure ?

* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

- Yes No

* Provide a brief description

This application includes proposed works to highways and is a highways related development. The additional information required by regulation 6(2) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 is section drawings to suitable horizontal and vertical scales which show, by reference to Ordnance Survey or Chart datum, the levels of the proposed works, including (as applicable to the application) ground levels, the height of every proposed structure and embankment, cutting depths and outfalls.

* Document reference

Surface Access Highways Plans - Engineering Section Drawings (Doc Ref. 4.8.2)

Add another reference

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of a non offshore generating station (Reg. 6 (1a))
- Construction or extension of an offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

Highway related development (Reg. 6 (2) (part 1))

Ensure section drawings have been included as part of this application, with suitable horizontal and vertical scales, which show the levels, proposed works including in particular and where relevant by reference to Ordnance Survey or Chart datum

Continued from previous page...

* Document reference

Surface Access Highways Plans -
Engineering Section Drawings (Doc Ref.
4.8.2)

Add another reference

Provide the levels of the proposed works, in particular and where relevant:

* Ground levels

Surface Access Highways Plans - Engineering Section Drawings (Doc Ref. 4.8.2)

* The height of every proposed bridge, viaduct, aqueduct, embankment and elevated guide way

Surface Access Highways Plans - Engineering Section Drawings (Doc Ref. 4.8.2)

* The depth of every proposed cutting and tunnel

Surface Access Highways Plans - Engineering Section Drawings (Doc Ref. 4.8.2)

* The levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated

N/A

* The height of every structure or device intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or inland waterway

N/A

* Drainage outfall details for highways

Surface Access Highways Plans - Engineering Section Drawings (Doc Ref. 4.8.2)

Provide a cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge tunnel or underpass which would carry the carriageway or way or through which it would pass
