

Section 2 – Your Representation

Here you should summarise the aspects of the *application* you agree and/ or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than 500 words (please use extra paper if needed).

For the last 38 years I have lived just over $\frac{1}{2}$ mile north of the line of the runway (& about $\frac{1}{2}$ to the east of the eastern end of it). During that time the number of flights and hence disruptions for noise, have approximately doubled. The prosperity of the town of Horley has significantly declined. I reject any notion that airport expansion is good for the economy of the town. If anything it just sucks the life out of it and makes it a miserable place to live.

The proposal to use the emergency runway for normal flights will bring the line of aircraft 100 metres or so nearer to my house, a huge change when it is only $\frac{1}{2}$ mile away in the first place. The increase in noise will be appalling.

When we bought the property, land was safeguarded for a second runway to the south of the existing runway which would have been further away from us.

Please check that you have completed all relevant sections, otherwise you may not be able to take part in the later stages of the Examination.

The Planning Act 2008 process is primarily a written *Examination* process and if you are registered as an *Interested Party* you will have an opportunity, later in the *Examination* process, to provide a more detailed *Written Representation*.

You cannot reserve a right to make a *Representation* later without providing a summary of the points you intend to submit at this stage.

Your *Representation* should take the form of a summary of what you agree with and/ or disagree within the *application*, and any impacts you think it would have.

Please note that your *Representation* **must not** include material that is:

- vexatious or frivolous;
- about compensation for Compulsory Acquisition of land or of any interest in or right over land; or
- about the merits of policy set out in a National Policy Statement.

The information you include in the *Representation* section of this form will be used by the *Examining Authority* to carry out its *Initial Assessment of Principle Issues* and to decide the best way to examine the *application*.
