7th October 2023

Dear Sir/Madam

Gatwick Airport - Second Runway

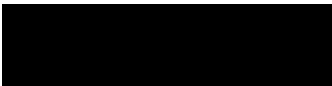

I write on behalf of Ebernoe Parish Council to make a formal objection to the plans for a second runway at Gatwick Airport.

This will result in an increase in passenger and cargo flights leading to more aircraft noise especially at night.

A second runway will produce a significant amount of carbon and greenhouse gases at a time when Parliament is committed to their reduction.

The Parish Council does not believe it would be in the best interests of the local community for a second runway to be in operation.

with best wishes

Clerk
Ebernoe Parish Council
