James and Nichola Woolfson

Good Afternoon,

We would like to register our objection to the proposal for the second runway at Gatwick. The level of noise and disturbance that Gatwick already inflicts on the AONB is far too much and seems only to be increasing year on year. As a hub, Gatwick is far from ideal in terms of London transport connections and it seems illogical to blight this beautiful unspoilt area further instead of utilising both alternative existing capacity and potential expansion at Heathrow.

Yours

James & Nichola Woolfson
