[REDACTED]

Dear Sir/Madam,

I can't quite work out whether the date for submissions has passed, if not I would like to make the following observations :

1. There is already traffic congestion in the general area of Gatwick and the surroundings. Any increase in passengers will exacerbate this problem.
2. There is a problem with flood water in the general area and additional housing developments are already increasing the risk.
3. As there is already a housing shortage, the anticipated 14,000 extra jobs will be unsupportable in many ways.
4. I question the environmental impact of any extra flights, pollution, noise, etc..

yours sincerely,

Mr I P D Wright
