

I am the representative of the Green Group (five Green Party Councillors) on East Sussex County Council. We would like to participate in the following Open Floor Hearings:

- Issue Specific Hearing 6 (ISH6) on Climate Change. Tuesday 30 April 2024 from 10:00am.
- Issue Specific Hearing 7 (ISH7) on Other Environmental Matters (topics to be confirmed). Wednesday 1 May 2024 from 10:00am.
- Open Floor Hearing 3 (OFH3) (if required). Thursday 2 May 2024 from 2:00pm.

It is most likely to be me, Cllr Georgia Taylor, attending the hearing.

We would also like to object to the timing of the hearings as these days are just before and during the local elections, and it might also be a general election. I am not sure, but this could be upsetting the rules of Purdah, but at any rate will cause a challenge for those of us who are involved in local and national elections, either as politicians or party activists.

Please consider changing the time of these meetings - they could be scheduled for just one week later.
