Gatwick Airport Northern Runway Project – Development Consent Order (DCO)

Post Hearing Submission ISH5

Gatwick Area Conservation Campaign (GACC)

12th March 2024

Dear Examining Authority

Post Hearing Submission

Re ISH 5

No doubt you'll be aware that ISH5 overran significantly on Wednesday 6th. Whilst the content of that which was presented and heard was important to us there is significant concern that the principal subjects for communities were not covered - basically Agenda Item 7) . Night flights and the noise envelope being considered of the most importance.

I am writing to request there be an additional ISH to cover the subjects in Agenda Item 7 and to support the request made at the end of the hearing for this to happen from Charles Lloyd of GON.

Yours faithfully,

Peter Barclay

Chair, Gatwick Area Conservation Campaign
