

AIPUT notes that neither AIGPL nor AINL are listed as an 'affected person' in the Land Rights Tracker submitted by GAL on 9 February 2024 [PDLA-010]. AIPUT does not understand why they are omitted from the 'Justification Table and Status of Engagement with Landowners', (Appendix A to the Statement of Reasons [AS-008] and similarly from the Land Rights Tracker. As affected landowners, AIPUT should have been consulted during the pre-application stage as section 42 parties (which did not occur, and which we expand in in our Written Representation) and the status of engagement with AIPUT should be covered in the Statement of Reasons and the Land Rights Tracker.
