

The Planning Inspectorate

26 March 2024

our ref: ESCC/GAL/NRP/DCO

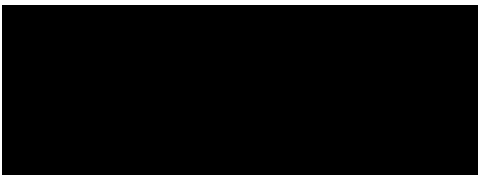

Dear Sir/Madam

East Sussex County Council (Deadline 2) Submission

Please find enclosed the following item requested for submission at deadline 2 within the Rule 8 letter. For East Sussex, the accompanying submission is an updated version of the Principal Area of Disagreement Summary Statement (PADSS).

The Joint Local Authorities (JLAs) are considering drafting a suggested approach to setting thresholds for key matters such as Air Quality, Aircraft Noise, Greenhouse Gases (Carbon) and Surface access, and aligning such thresholds with the future growth of the airport, similar to the Green Controlled Growth approach presented at the Luton Airport DCO. This has been referred to in 'Ref 17' of the PADSS. The JLAs will inform the ExA at Deadline 3 whether they intended to submit a proposal and the time frame for doing so.

Yours sincerely

Jon Wheeler
Team Manager – Infrastructure Planning and Place
