To those concerned: Re: PADSS TDC SUBMITTED(Tandridge District Council)

I would like to add further weight to the comments submitted here:

[https://infrastructure.planninginspectorate.gov.uk/wp-content/ipc/uploads/projects/TR020005/TR020005-001938-D2_Tandridge District Council_Updated Principal Areas of Disagreement Summary Statement \(PADSS\).pdf](https://infrastructure.planninginspectorate.gov.uk/wp-content/ipc/uploads/projects/TR020005/TR020005-001938-D2_Tandridge_District_Council_Updated_Principal_Areas_of_Disagreement_Summary_Statement_(PADSS).pdf)

Throughout this process, there appears to be a lack of commitment to the provision of a plausible reasoning for the need for this work to take place. All the ethical, economic, environmental and human impacts appear to be subsumed under a narrative of a 'boost'. This apparent 'boost' cannot be verified other than to perhaps those who benefit from the construction and management of said project. The airport doesn't need it, the area doesn't need it and those living here do not need it.

Kind Regards,

Mark
