

Aircraft Noise It often comes over our house from about 3.00 am in the morning while most people are fast asleep enjoying clear, quiet times.

Airspace is not big enough does not seem possible with the number of vehicles on the runway waiting to go are often sitting there for sometime before leaving the Gatwick Airport.

Insulation more space for the runway to collect the passengers would be more helpful and more space for car vehicles to be left whilst passenger is out of the country

Congestion Surface Transport

This still needs to be addressed as soon as possible to keep the area over a 24 hour period neat, tidy and facilities for the area..

Air Quality needs to be monitored regularly, this should be included in the DCO.

Waste Water Flooding local homes need to be prevented from flooding at all times by teh local system for proving sewerage. Waste Water control must be included in the DCO.

Lack of Housing and Amenities there is not sufficient local housing to cope with the increased migration of workings needed for the increase capacity.

The infrastructure is not capable of supporting migrant works on basic wage.

Waste should be removed and transported off the site how and to where should be included in the DCO.

The Community Fund should be more inclusive and not used just to promote the airport in the media and the for charities.

Odours there must be safeguards put in place in the CDO to protect the local residents.
