Dear Sir

As you can see we live on the Ashdown Forest near the village of Fairwarp  
The Forest is an SSI but is in a parlous state because of huge increases in visitor traffic.  
Additionally the increased flight activity over the past years has increased pollution, noise  
and stress

We already have flights overhead during the day and the proposed new flight paths are  
also planned to go directly over the village as well.

This is a cruel twist

Your sincerely

Edward Brown
