This ecology plan contains all statutory or non statutory sites of features of nature conservation, geological or landscape importance, habitats of protected species, important habitats or other diversity features, and water bodies in a river basin management plan. The sites are described more fully in the Environmental Statement (ES), document reference TR030001/AP/16. An assessment of any effects on such sites or features likely to be caused by the proposed development is provided at Chapters 10 and 11 for the south bank and Hunter estuary, and chapters 24 and 25 for the north bank.
