Dear Sir or Madam

The Able Marine Energy Park Development Consent Order 2014 - S.I. 2014 No. 2935

Section 153 of the Planning Act 2008 - Changes to, and revocation of, orders granting development consent

Consultation on an application for a Non-Material Change to Schedule 1 and 11 under paragraph 2(1) of Schedule 6 of the Planning Act 2008 and Regulation 7 of the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011 (as Amended) (the '2011 Regulations')

On behalf of our client, Able Humber Ports Limited ('**Able**'), we enclose a notice of an application for a proposed non-material change to The Able Marine Energy Park Development Consent Order 2014 (the '**DCO**').

We are serving the enclosed notice upon you as you were previously consulted in relation to the application for the DCO in accordance with section 56 of the Planning Act 2008.

In January 2014, the Secretary of State for Transport granted the DCO authorising construction of the Able Marine Energy Park on the Humber Estuary (the 'Project').

Since the DCO came into force in October 2014, Able has been working to ensure that the Project is delivered effectively and efficiently. As a result of this process, Able is now seeking consent from the Secretary of State to make a non-material change to the DCO (the 'Application').

The DCO included approval of the siting of two ecological mitigation areas - Mitigation Areas A and B. The Application seeks consent to re-site ecological mitigation at 'Area A' from within the Order limits to an alternative site at Halton Marshes outside of the Order limits. This would require:

a non-material change to amend the certified drawings set out in Requirement 6 of Schedule
 (Requirements) of the DCO to remove reference to Area A and to introduce a new drawing which identifies the new site at Halton Marshes; and

T +44 (0)20 7227 7000 F +44 (0)20 7222 3480 W www.bdb-law.co.uk

(2) a non-material change to Schedule 1 to confirm that the ecological mitigation will be provided in accordance with the environmental monitoring and management plans but to reflect that the re-siting of Area A to Halton Marshes will be outside of the Order limits.

Able is carrying out consultation on this application between the 20 September 2018 and the 29 October 2018. During this time, copies of the full application documentation can be inspected free of charge at Immingham Library, Civic Centre, Pelham Road, Immingham, DN40 1QF on Mondays, Tuesdays, Thursdays and Fridays between 8:30am-12:30pm and 1:30pm-5:30pm, and on Saturdays between 9:00am-1:00pm. The Library is closed on Wednesdays and Sundays.

The application documentation is also available on the Planning Inspectorate's website (https://infrastructure.planninginspectorate.gov.uk/able).

A free digital copy of the application can be obtained from Able by emailing or telephoning Laura Hill at LHill@ableuk.com or on 01642 806080. Alternatively, a paper copy can be obtained but a charge of £50 will be made.

Enclosed is a copy of the notice advertising the application that will be published in the Grimsby Telegraph and the Scunthorpe Telegraph on 20 and 27 September 2018.

Please send any representations about the application by email to: ablemarineenergypark@pins.gsi.gov.uk or in writing to: National Infrastructure, The Planning Inspectorate, Temple Quay House, 2 The Square, Bristol BS1 6PN.

Please quote TR030001 on any correspondence.

The deadline for receipt of representations is 11:59pm on 29 October 2018.

THE ABLE MARINE ENERGY PARK DEVELOPMENT CONSENT ORDER 2014 (S.I. 2014/2935)

TO ANY PERSON WHO MAY HAVE AN INTEREST IN THE LAND

An application has been made by Able Humber Ports Limited to the Secretary of State for the Department of Transport, to make a change to the above mentioned Development Consent Order (the 'DCO') which is non-material.

The proposal seeks a non-material change to the DCO to re-site ecological mitigation at Area A from within the Order limits to an alternative site at Halton Marshes outside of the Order limits. This requires:

- a non-material change to amend the certified drawings set out in Requirement 6 of Schedule 11 (Requirements) of the DCO to remove reference to Area A and to introduce a new drawing which identifies the new site at Halton Marshes; and
- 2. a non-material change to Schedule 1 to confirm that the ecological mitigation will be provided in accordance with the environmental monitoring and management plans but to reflect that the re-siting of Area A to Halton Marshes will be outside of the Order limits.

The application documents and plans showing the nature and location of the land concerned can be viewed on the Planning Inspectorate's website at—
https://infrastructure.planninginspectorate.gov.uk/able.

The application documents can also be inspected, free of charge, at Immingham Library, Civic Centre, Pelham Road, Immingham, DN40 1QF from 20 September 2018 to 29 October 2018 on Mondays, Tuesdays, Thursdays and Fridays between 8:30am-12:30pm and 1:30pm-5:30pm, and on Saturdays between 9:00am-1:00pm. The Library is closed on Wednesdays and Sundays.

A free digital copy of the application can be obtained from Able by emailing or telephoning Laura Hill at LHill@ableuk.com or on 01642 806080. Alternatively, a paper copy can be obtained but a charge of £50 will be made.
