To the applicant

1. Please provide and insert definitions of:
 - a. "Notice to Mariners"
 - b. "WGS84"
 - c. "appropriately trained personnel"

And consider whether all definitions are correctly located within Article 2 or within individual Schedules. 2. Please provide a justification for the inconsistency in exclusions between Article 6 (3) (b) and the rider at the end of Schedule 1.
3. Please provide a justification for the different periods specified in Article 17, Schedule 2 requirement 1, Schedule 2 Requirement 3(3) and Schedule 5 Part 4 condition 9 and an explanation as to how the interaction of the various periods can be reconciled.
4. Please provide an explanation of how the phraseology in Schedule 5 Part 4 condition 9 (2) "owns, occupies or enjoys" can apply to a "licensed activity".
