Dear Sirs,

Please could you confirm if our registration as an interested party has been logged? We have submitted online our interest as an interested party and have been in some discussions with the Developer since September of last year to build on a Statement of Common Ground but have not received an acknowledgement via the website.

There has been some problems, however, with our systems over Christmas and with contact being made to the right person within Anglian Water.

To confirm – Anglian Water Services are represented by the Strategic Planning team. The main points we wish to make in relation to our future submissions are:

1. Anglian Water is in principle supportive of the project.
2. To ensure that there are separate protective provisions specifically for the benefit of Anglian Water’s existing assets and infrastructure. We have been in dialogue with the Developer in relation to the draft wording within the DCO.
3. That Anglian Water’s assets, primarily the Water Recycling centre located adjacent to the site are adequately protected during the course of construction and after construction that access is maintained at all times.
4. Applications to Anglian Water for waste water or water connections are made in a timely way to ensure Anglian Water can assess the capacity within the network and the water resources available without impacting on our existing customers.

Please could you e mail the contact below on receipt? Many thanks.

Kathryn Taylor

Major Infrastructure Planning Manager

Anglian Water Services Limited

Water Resources and Strategic Planning Team

Thorpe Wood House, Thorpe Wood, Peterborough, PE3 6WT
