---

Dear Robert Ranger,

As requested in your letter, please accept this email as my notification to you that I will be attending the Preliminary Meeting on Tuesday 20 February 2018 on behalf of Gravesham Borough Council.

I am not sure which items we might want to be involved in as this is my first NSIP PM – it depends on the meeting – but hopefully the below helps:

		<b>GBC input</b>
Item 1	Welcome and introductions	N/A
Item 2	The Examining Authority's (The Panel's) remarks about the Examination process	N/A
Item 3	Initial Assessment of Principal Issues – see <b>Annex B</b>	We are happy with the Initial Assessment of the Principal Issues listed by the examining authority in Annex B so unlikely to need to be involved with this item
Item 4	Draft Timetable – see <b>Annex C:</b>	N/A
Item 5	An update on progress regarding the preparation and agreement of SoCGs (from the Applicant and Interested Parties)	The PoTL will update on the SoCG with GBC – the examining authority may or may not want us to be included under this item
Item 6	Proposed additions to the timetable for the deadline for receipt of the following documents from the Applicant:	GBC unlikely to be involved with this item
Item 7	Hearings and Accompanied Site Inspection (ASI):	Would appreciate clarity about hearings in Gravesham and how the impact from Gravesham will be considered in the accompanied site inspection
Item 8	Any remaining submissions regarding procedural matters not set out in the agenda that have been submitted to the Planning Inspectorate in advance of the Preliminary Meeting.	GBC unlikely to be involved with this item
Item 9	Any other matters	N/A

I and Hester Davis from our shared legal service will want to attend the Issue Specific Hearing on the Draft Development Consent Order (dDCO) on 21 February.

Let me know if you need more information

Kind regards

Wendy
