

To: The Planning Inspectorate

We oppose the Tilbury 2 development because of the impact it will have on the nationally important populations of bees and other insects that live there.

Signed by 74,300 people:

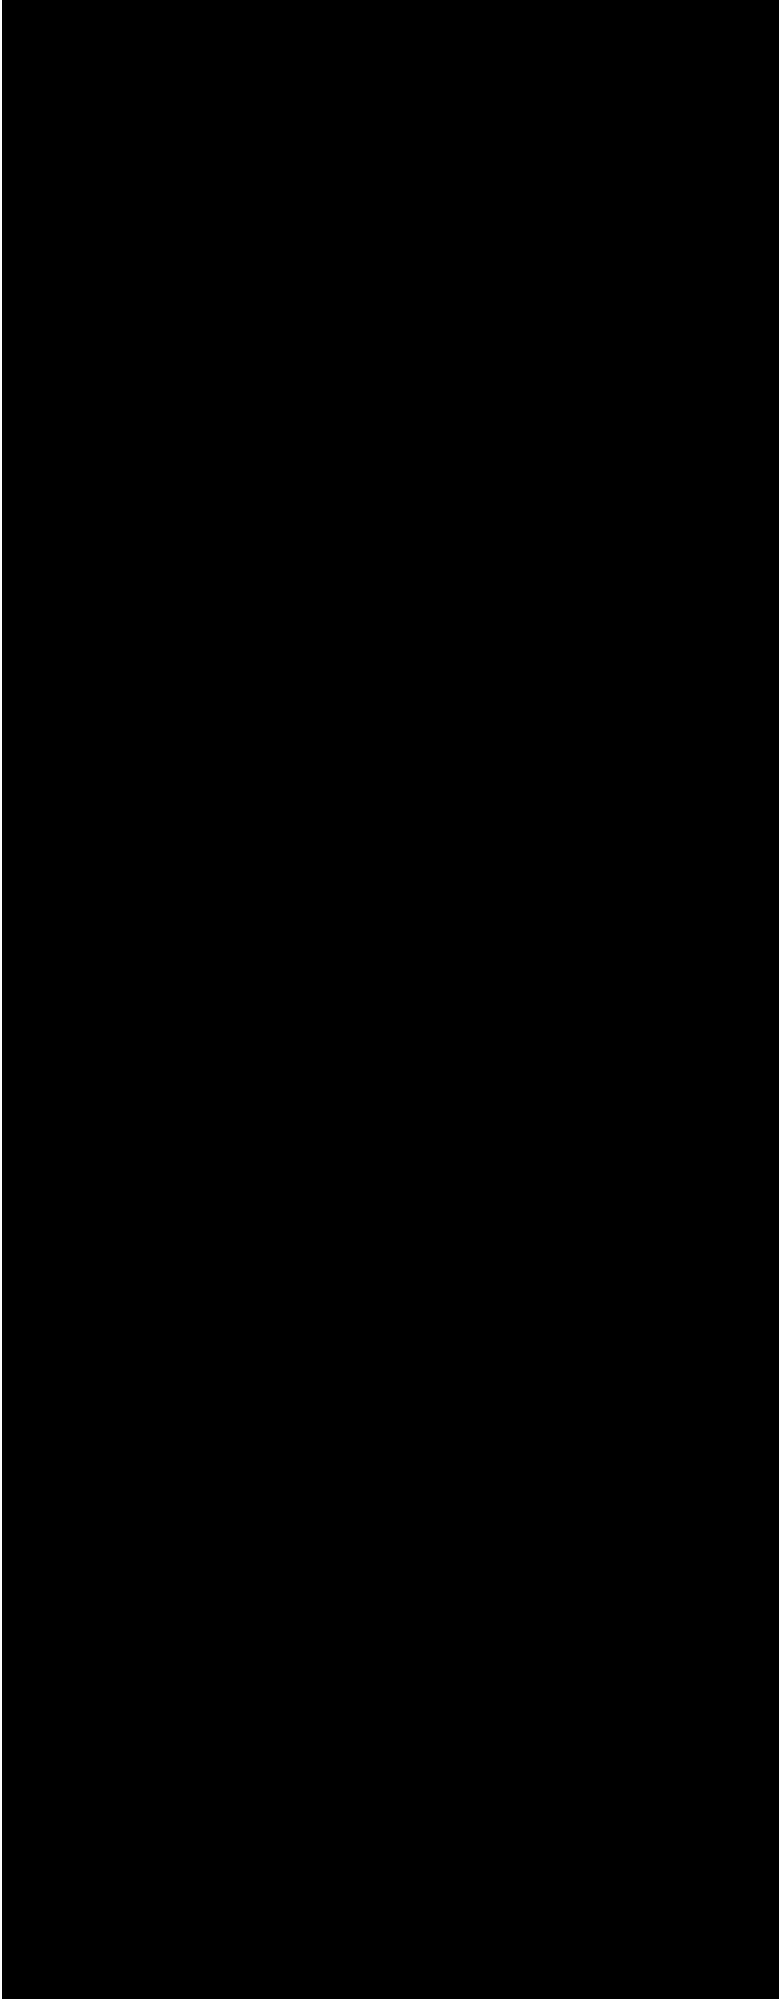

Name

Postcode

The table content is completely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top. The table structure is otherwise indiscernible.

Name

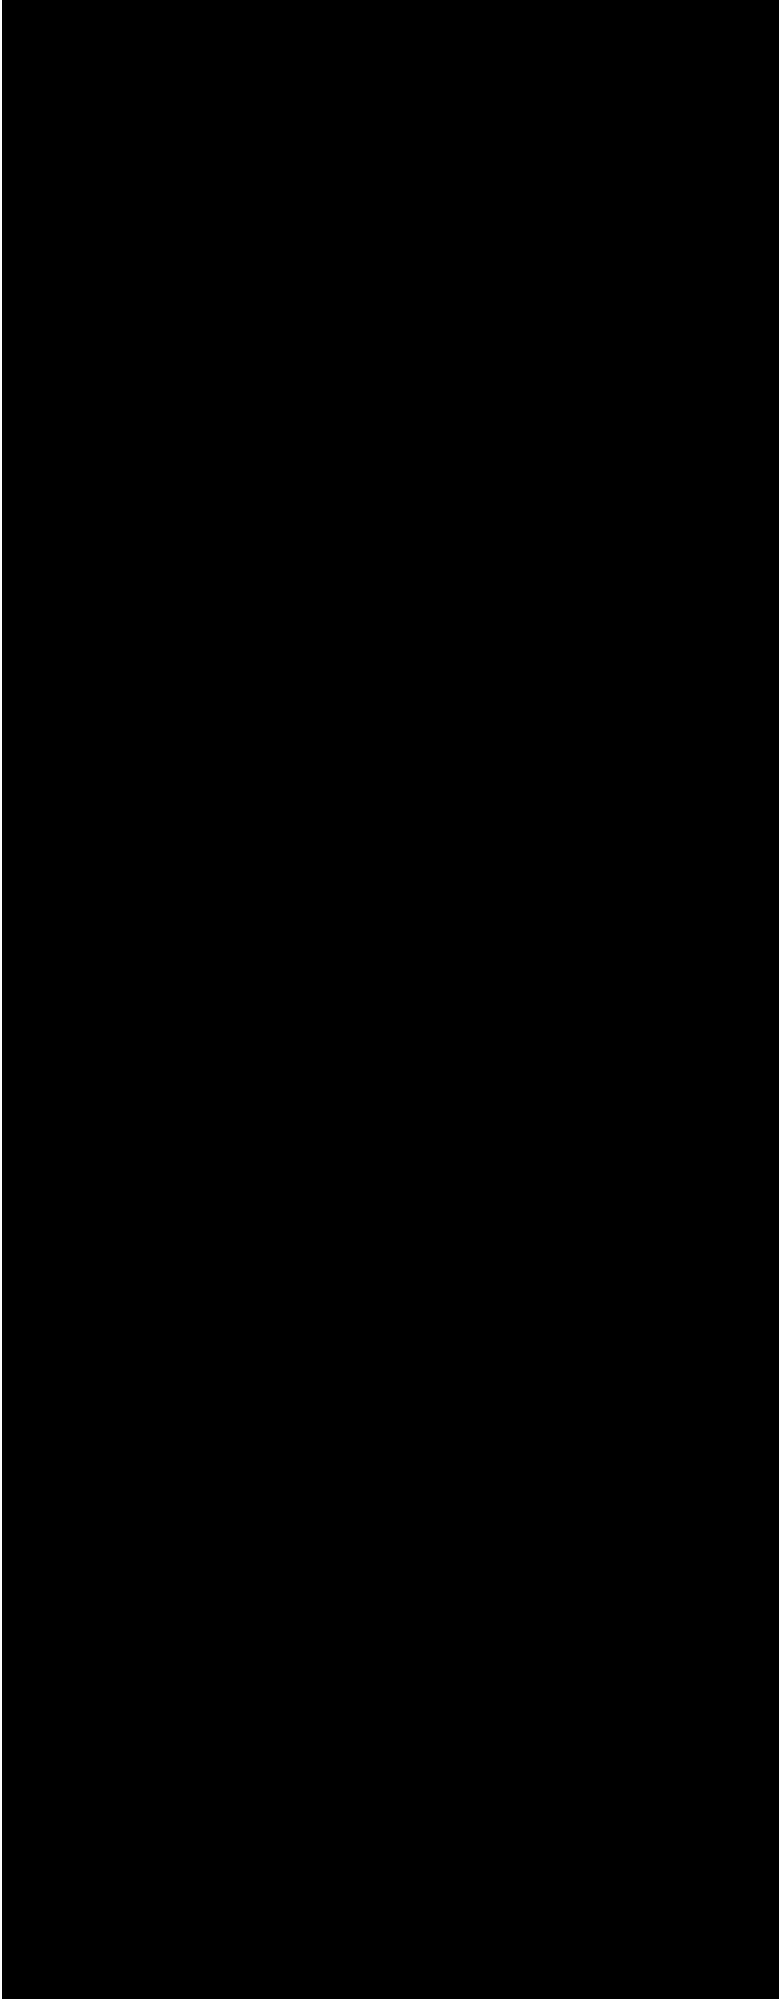

Postcode

The table content is completely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top of the page. The redaction covers approximately 90% of the page area.

Name

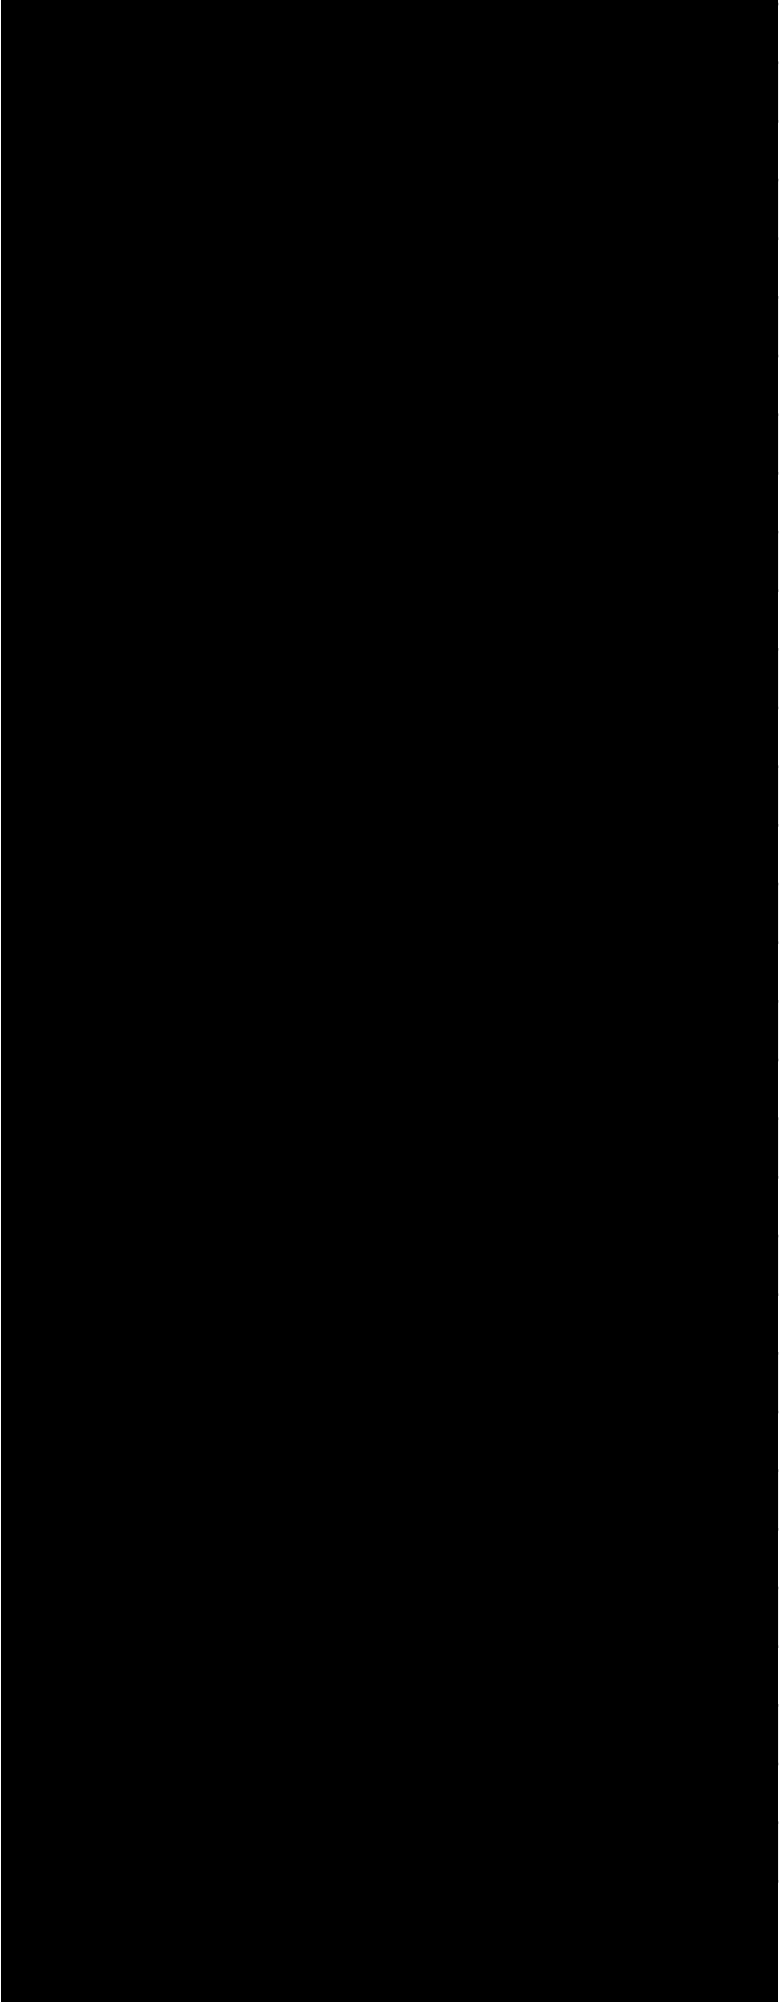

Postcode

The table content is completely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top of the page.

Name

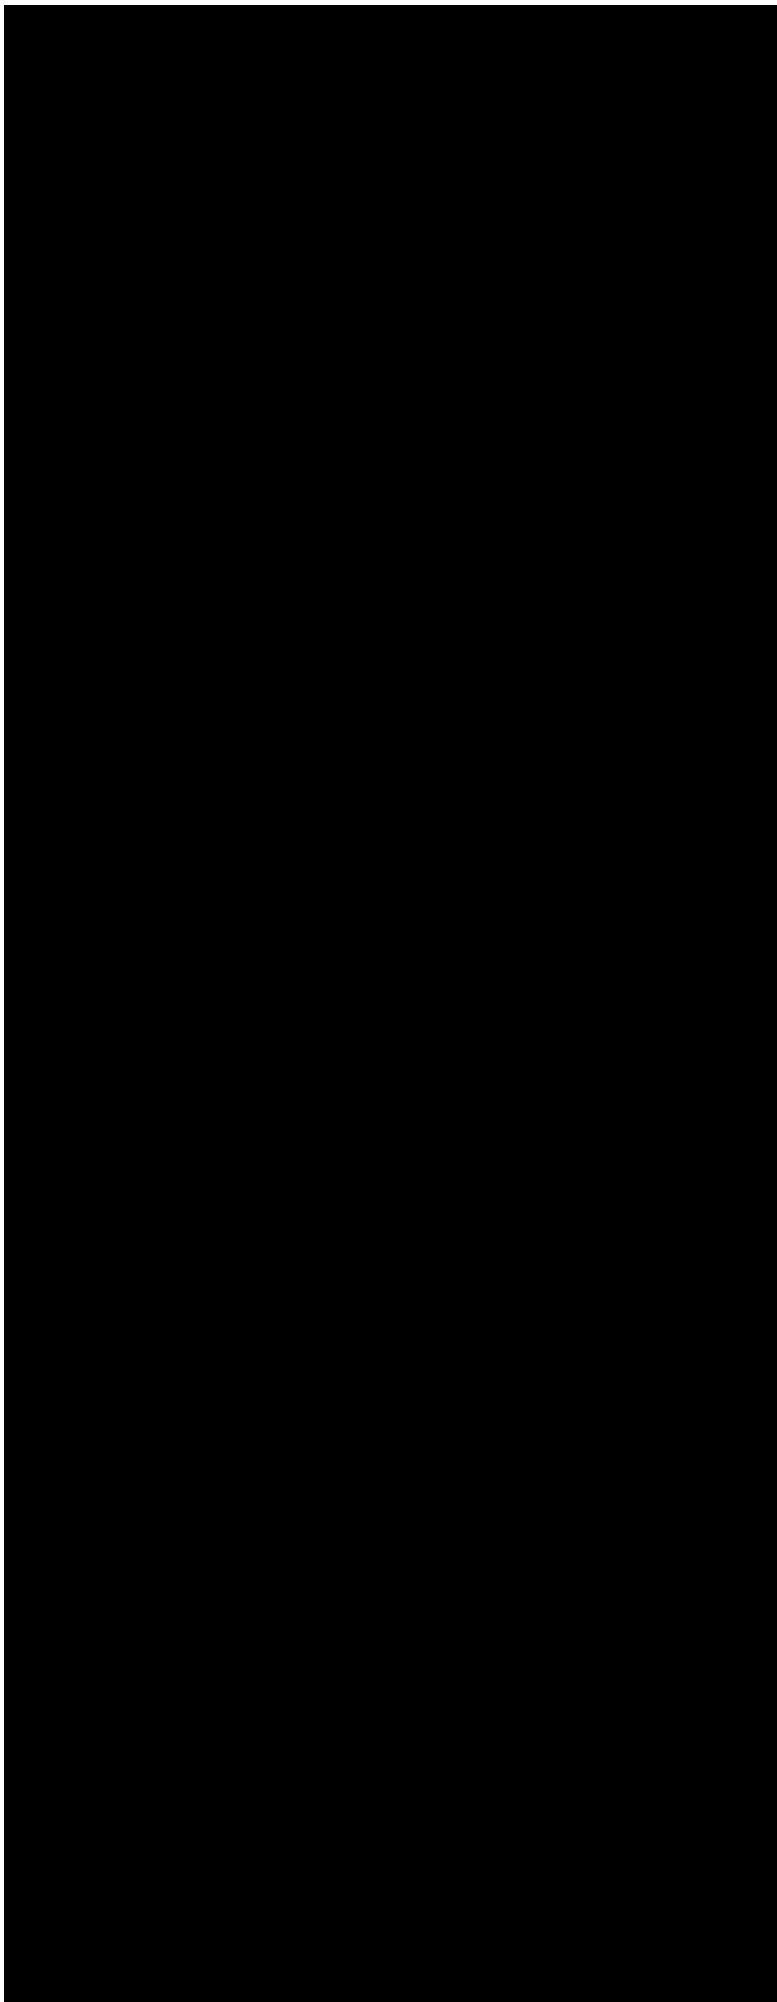

Postcode

The table content is completely obscured by a large black redaction box. The table structure is defined by the headers 'Name' and 'Postcode' and the presence of 18 rows of data indicated by the table grid lines.

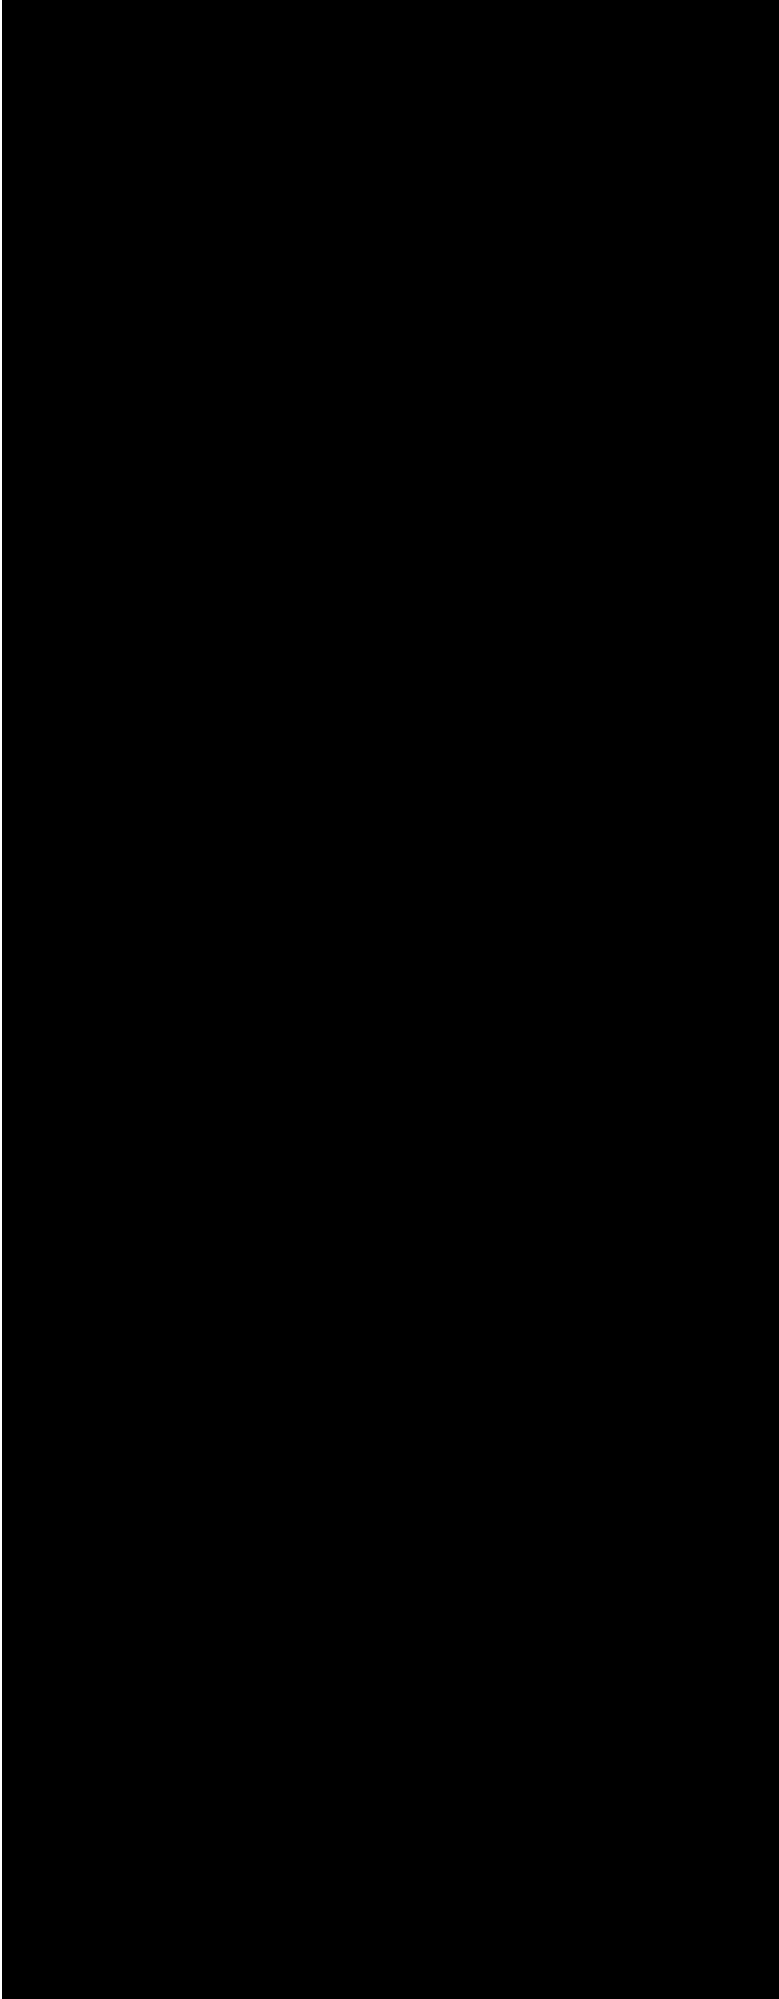

Name

Postcode

A large black rectangular redaction covers the entire data area of the table, from the top header row down to the bottom of the page. The redaction is solid black and obscures all text and symbols that would otherwise be present in the table rows.

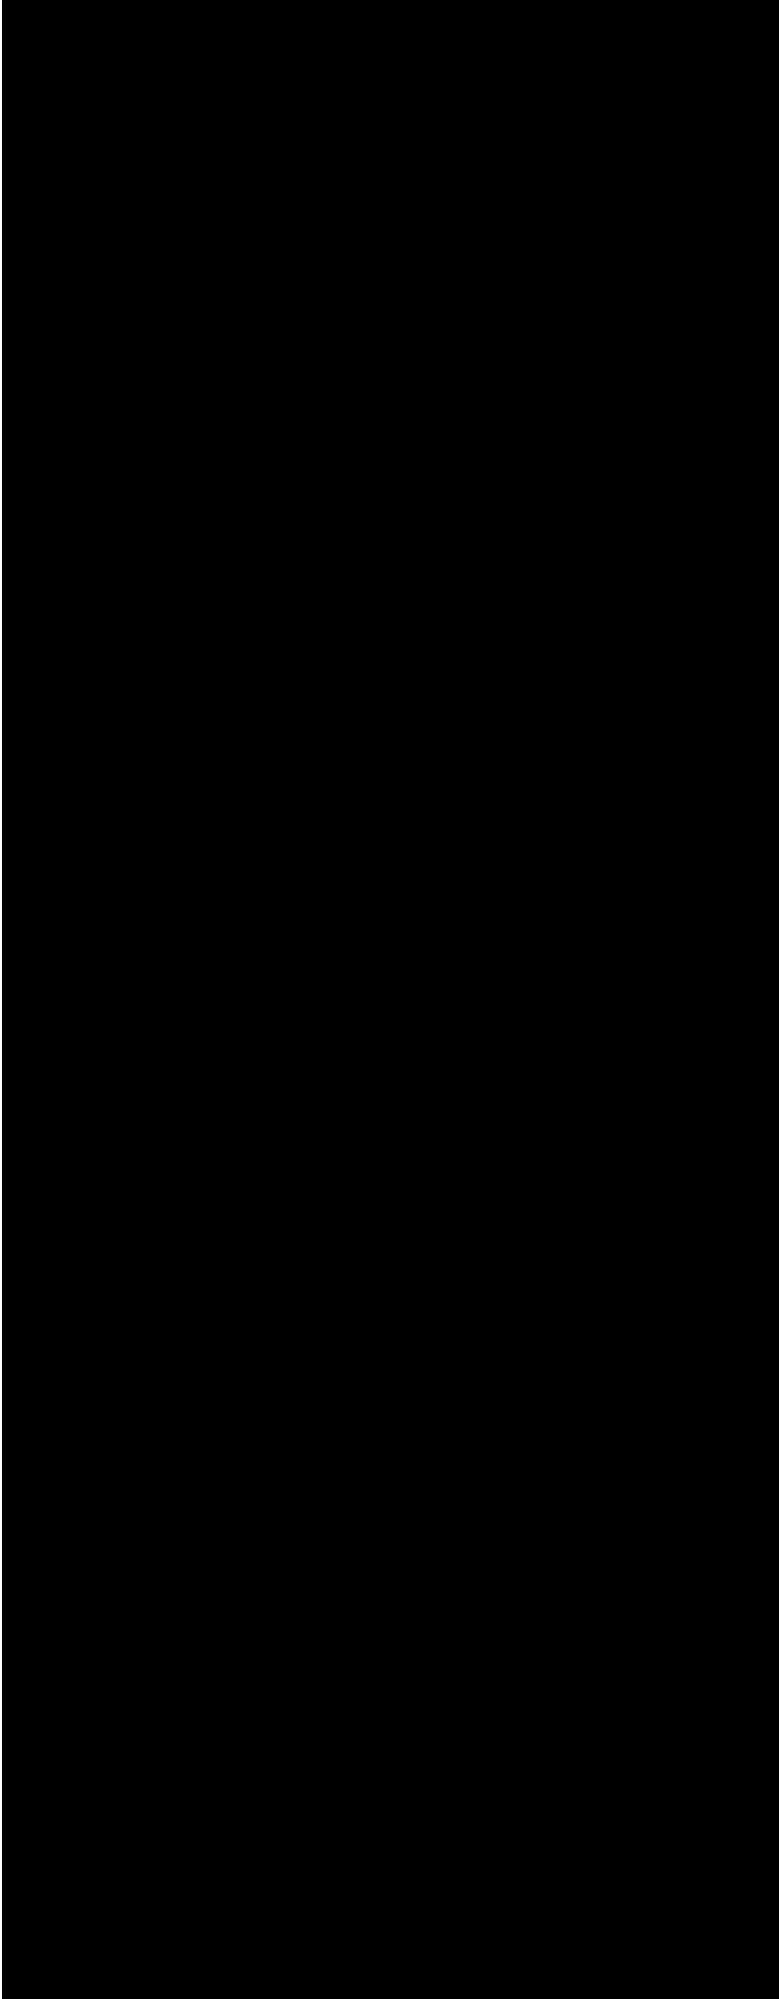

Name

Postcode

A large black rectangular redaction box covers the entire central portion of the page, obscuring all data that would otherwise be visible under the 'Name' and 'Postcode' headers. The redaction extends from the top of the header area down to the bottom of the page, and across the width of the data columns.

Name

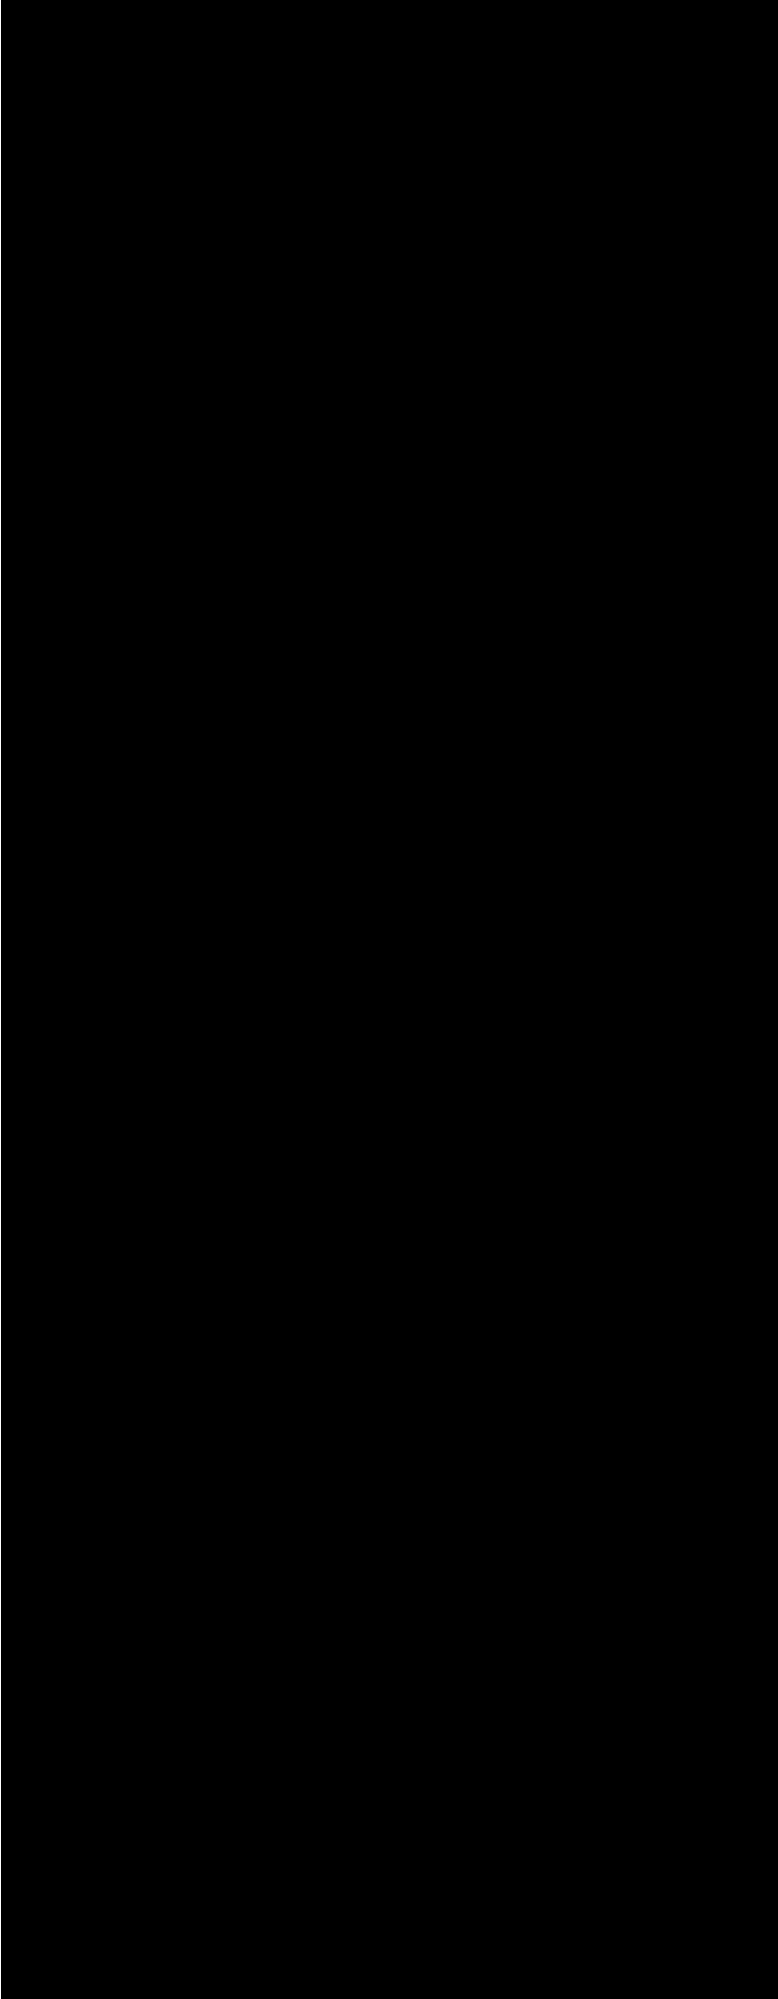

Postcode

The table contains a large black rectangular redaction covering the entire data area, obscuring all names and postcodes. The redaction is a solid black rectangle spanning from the top of the data rows to the bottom of the page.

Name

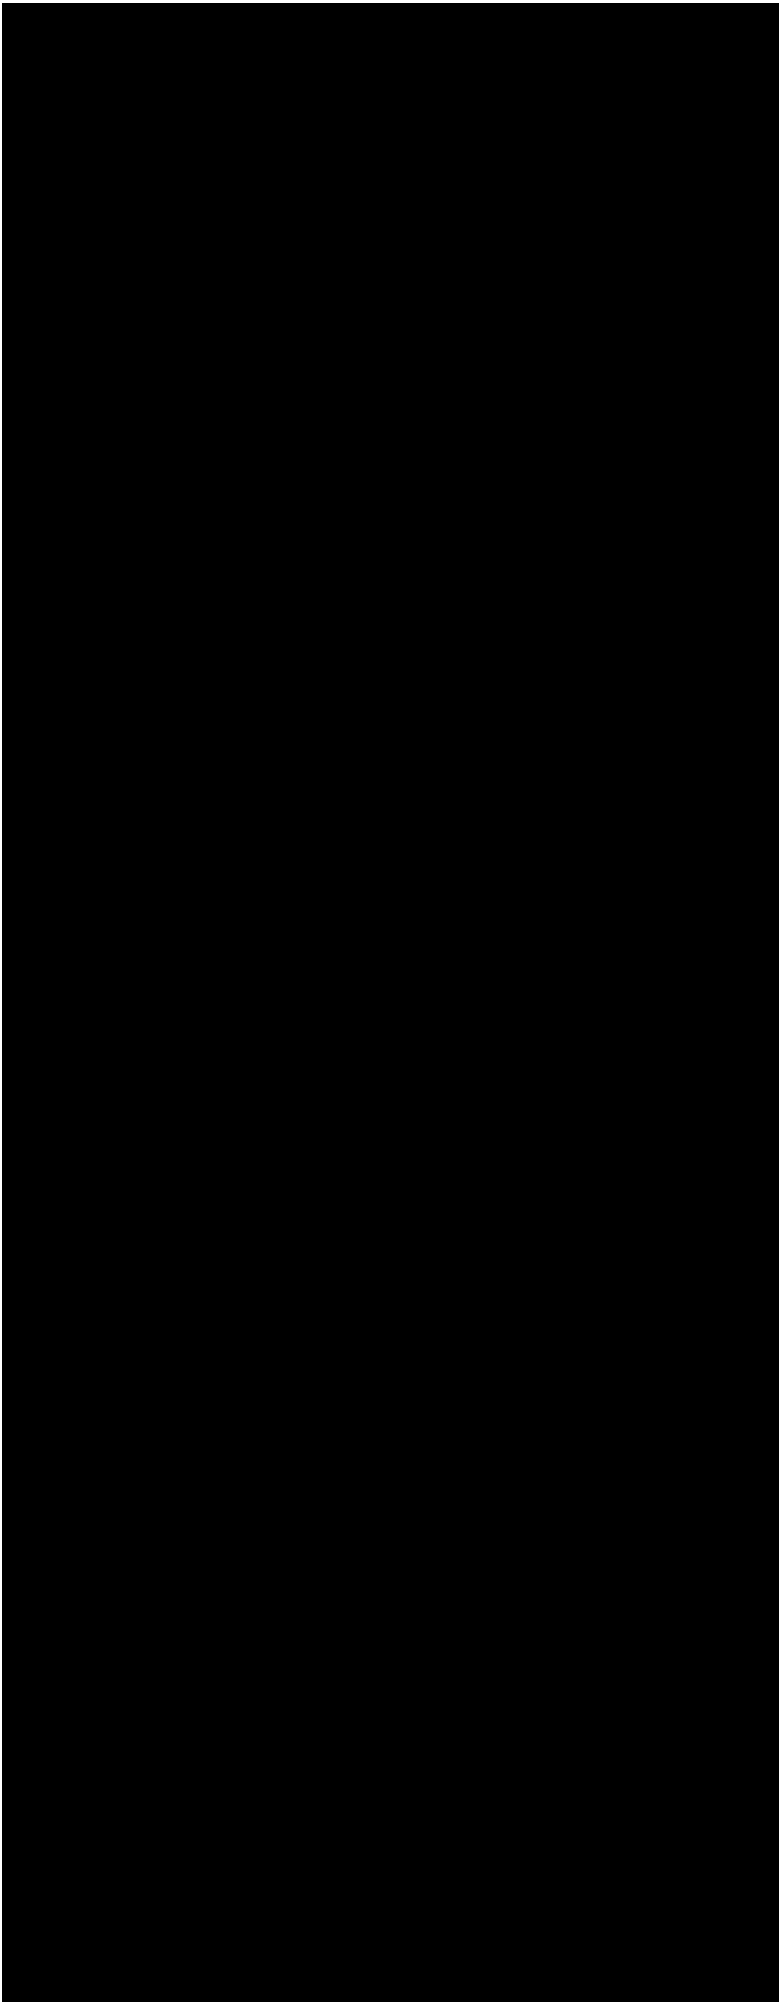

Postcode

The table content is almost entirely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top. The table structure is otherwise indistinguishable.

Name

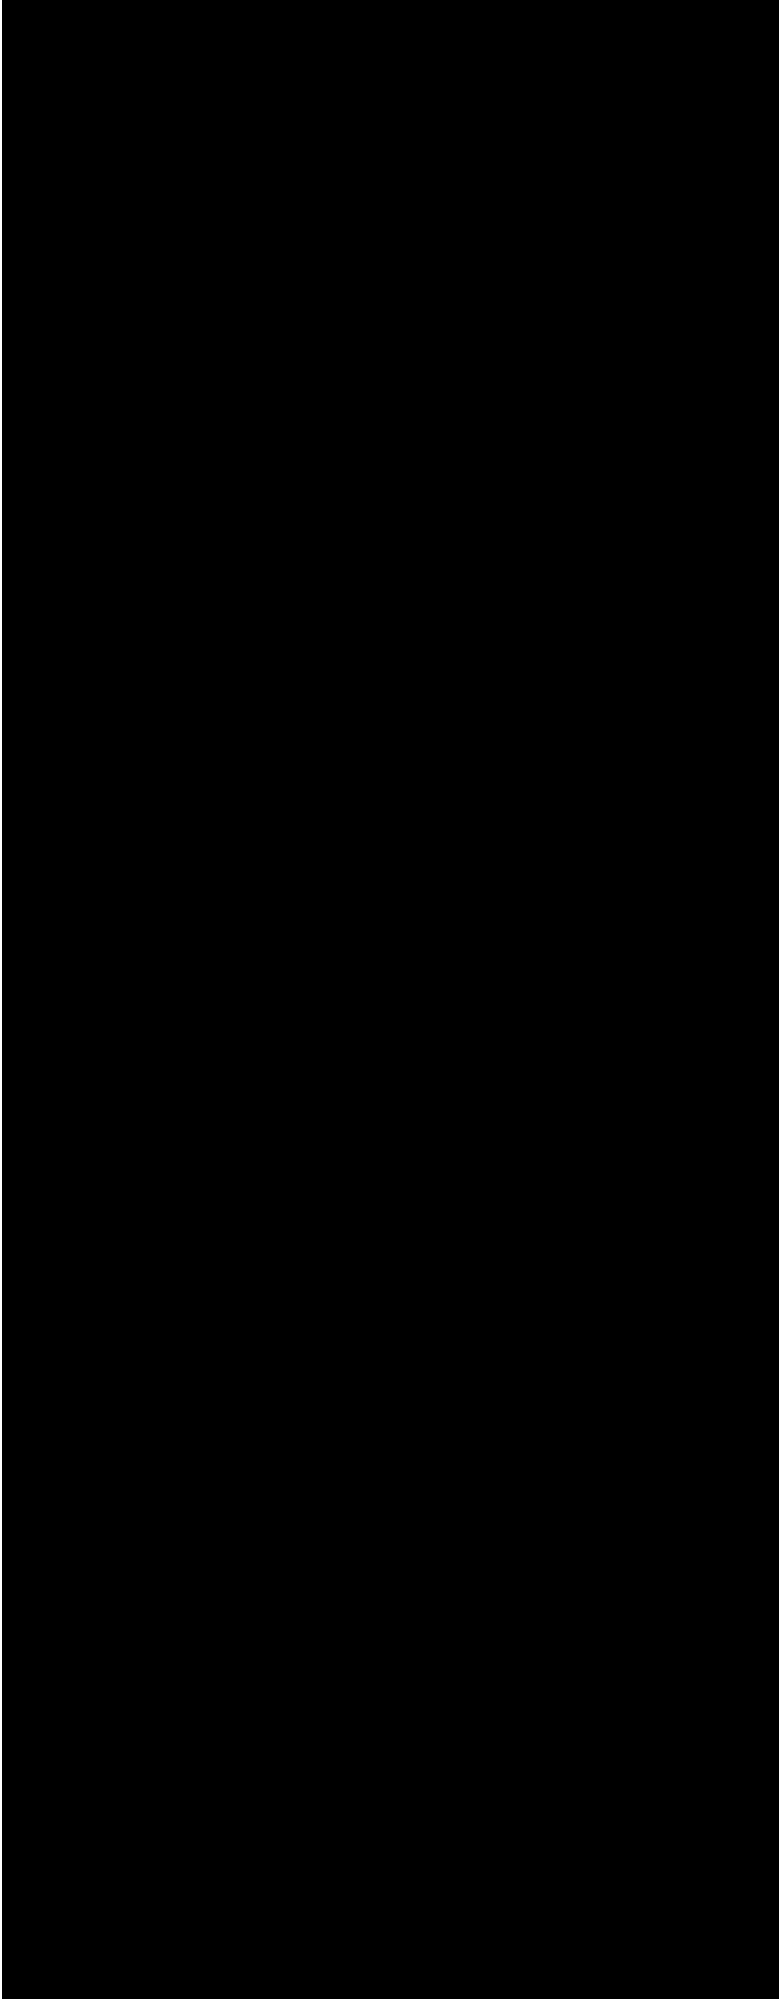

Postcode

The table content is completely redacted with a large black rectangle. Only the column headers 'Name' and 'Postcode' are visible at the top. The table structure is otherwise obscured.

Name

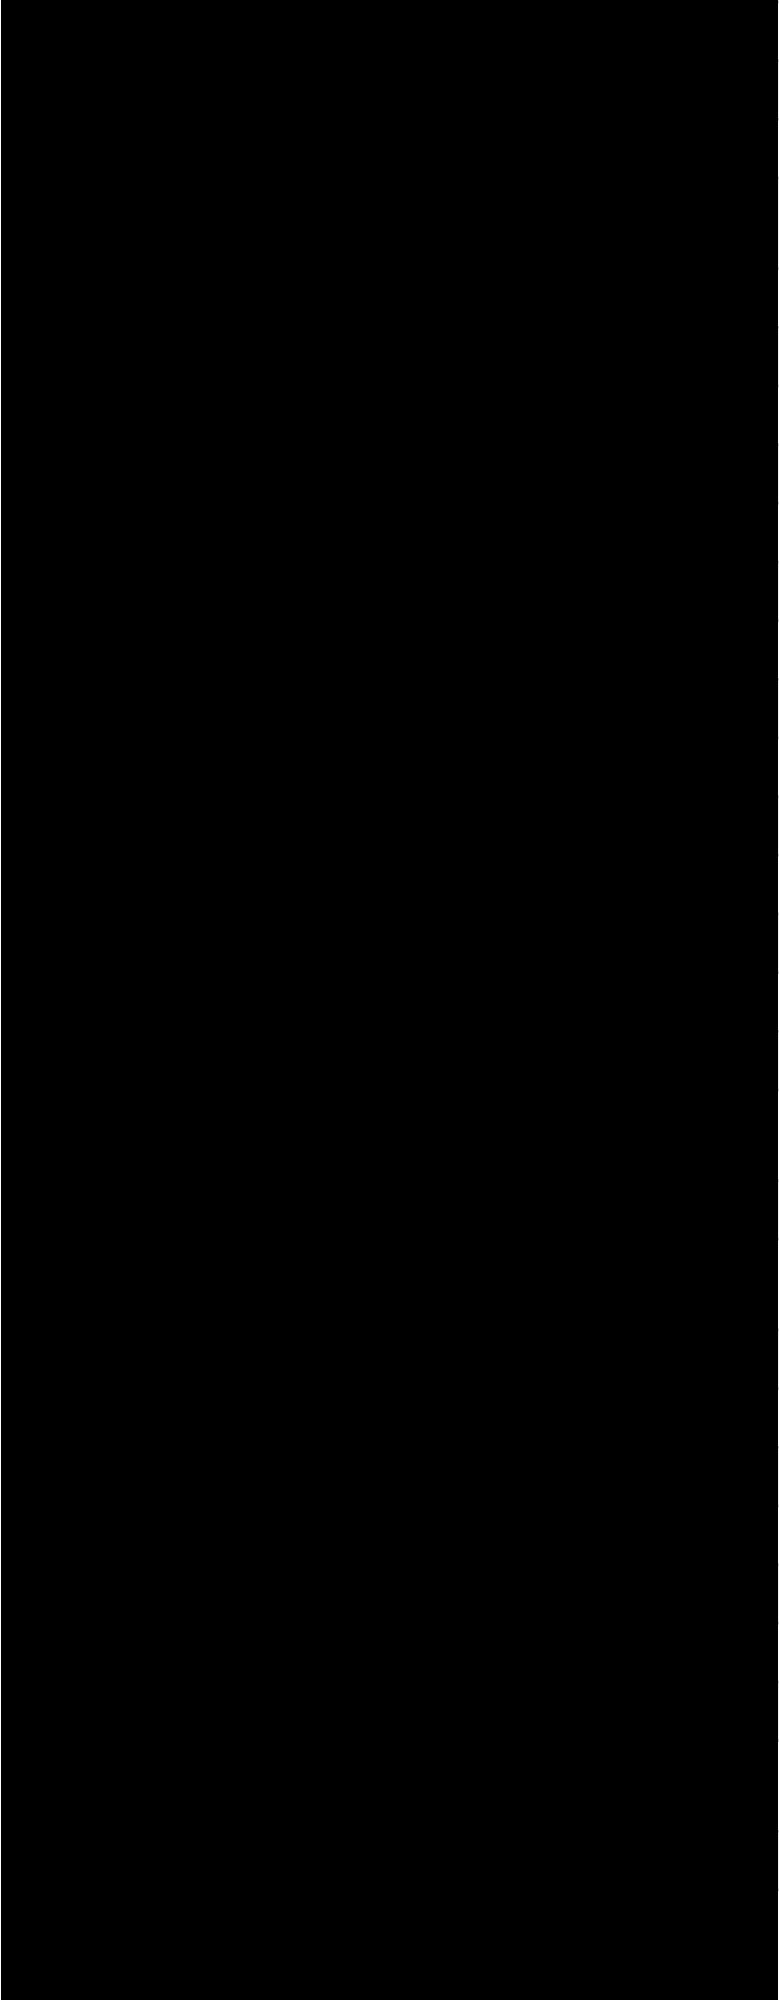

Postcode

The data table is redacted with a solid black block. The only visible content is the header information: **Name** and **Postcode**.

Name

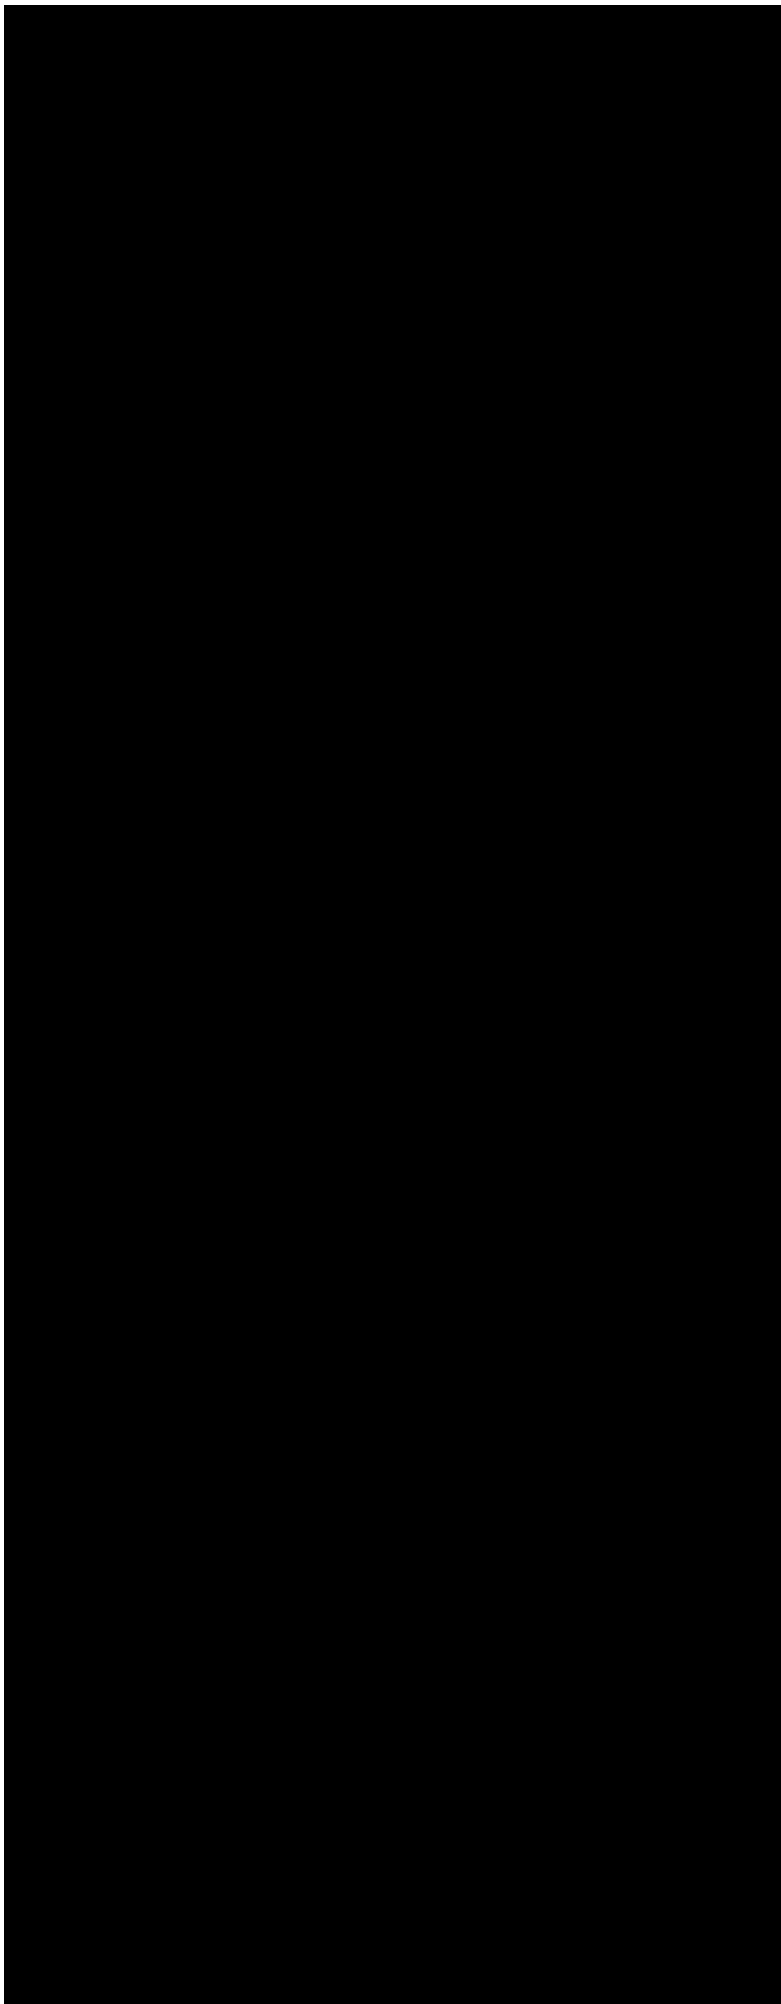

Postcode

The page contains a large black redaction box covering the entire data area. The redaction is complete, obscuring all text and structure. Small grey rectangular tabs are visible along the right edge of the redaction, possibly representing the edges of a binder or page markers.

Name

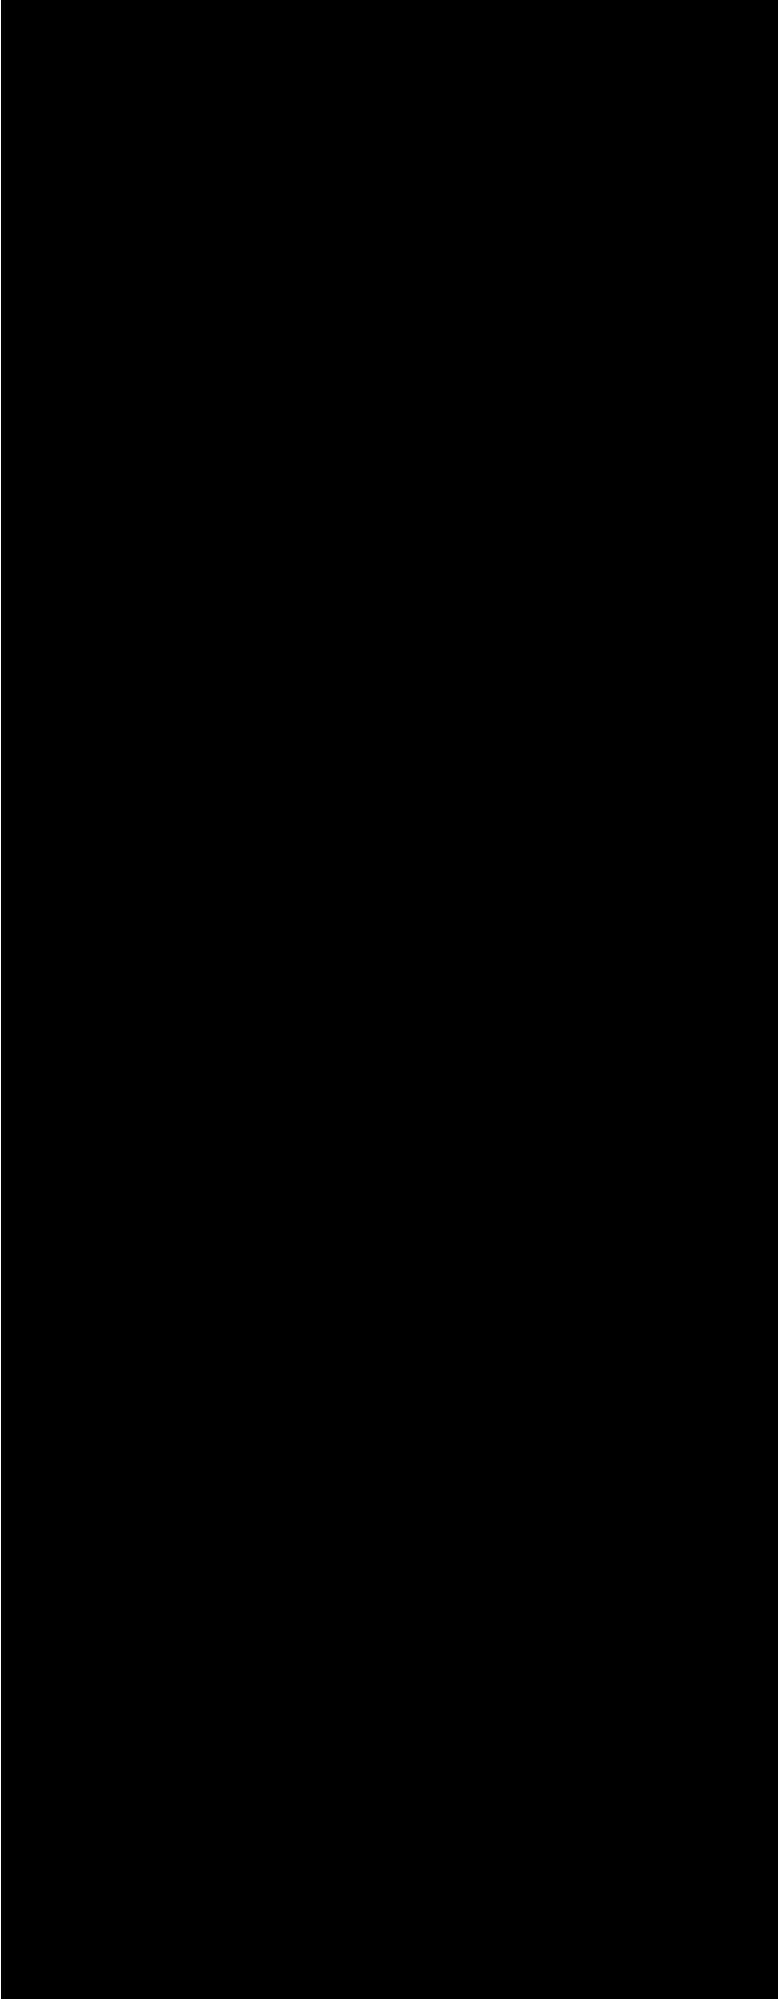

Postcode

The table content is completely redacted with a solid black rectangle. Only the column headers are visible.

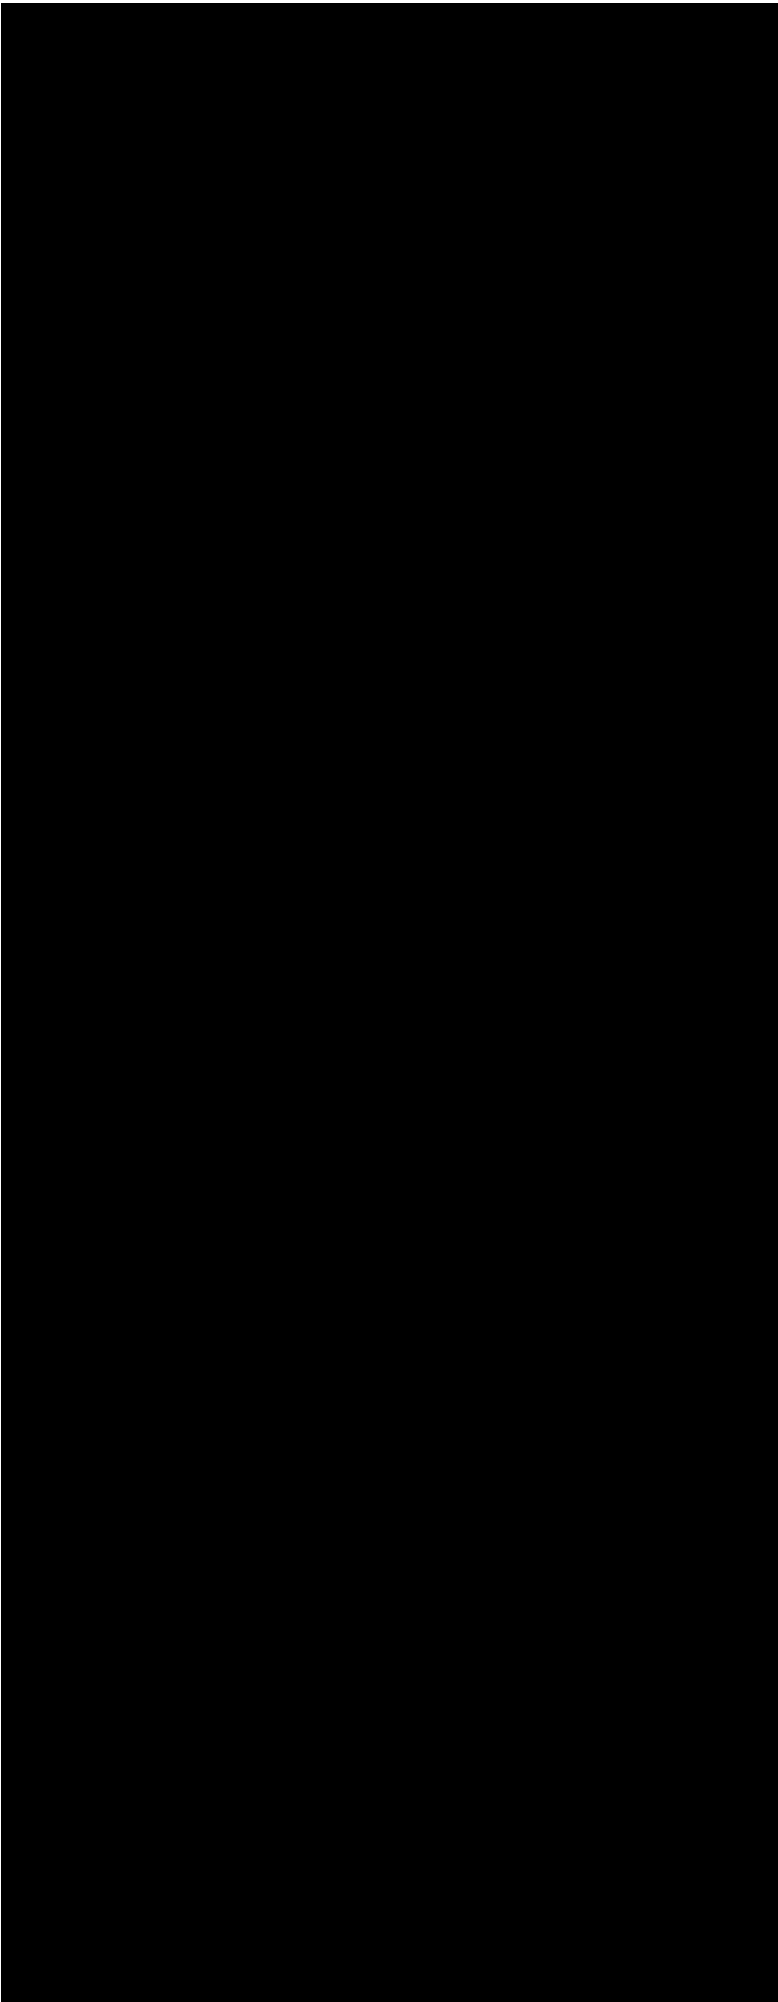

Name

Postcode

Name

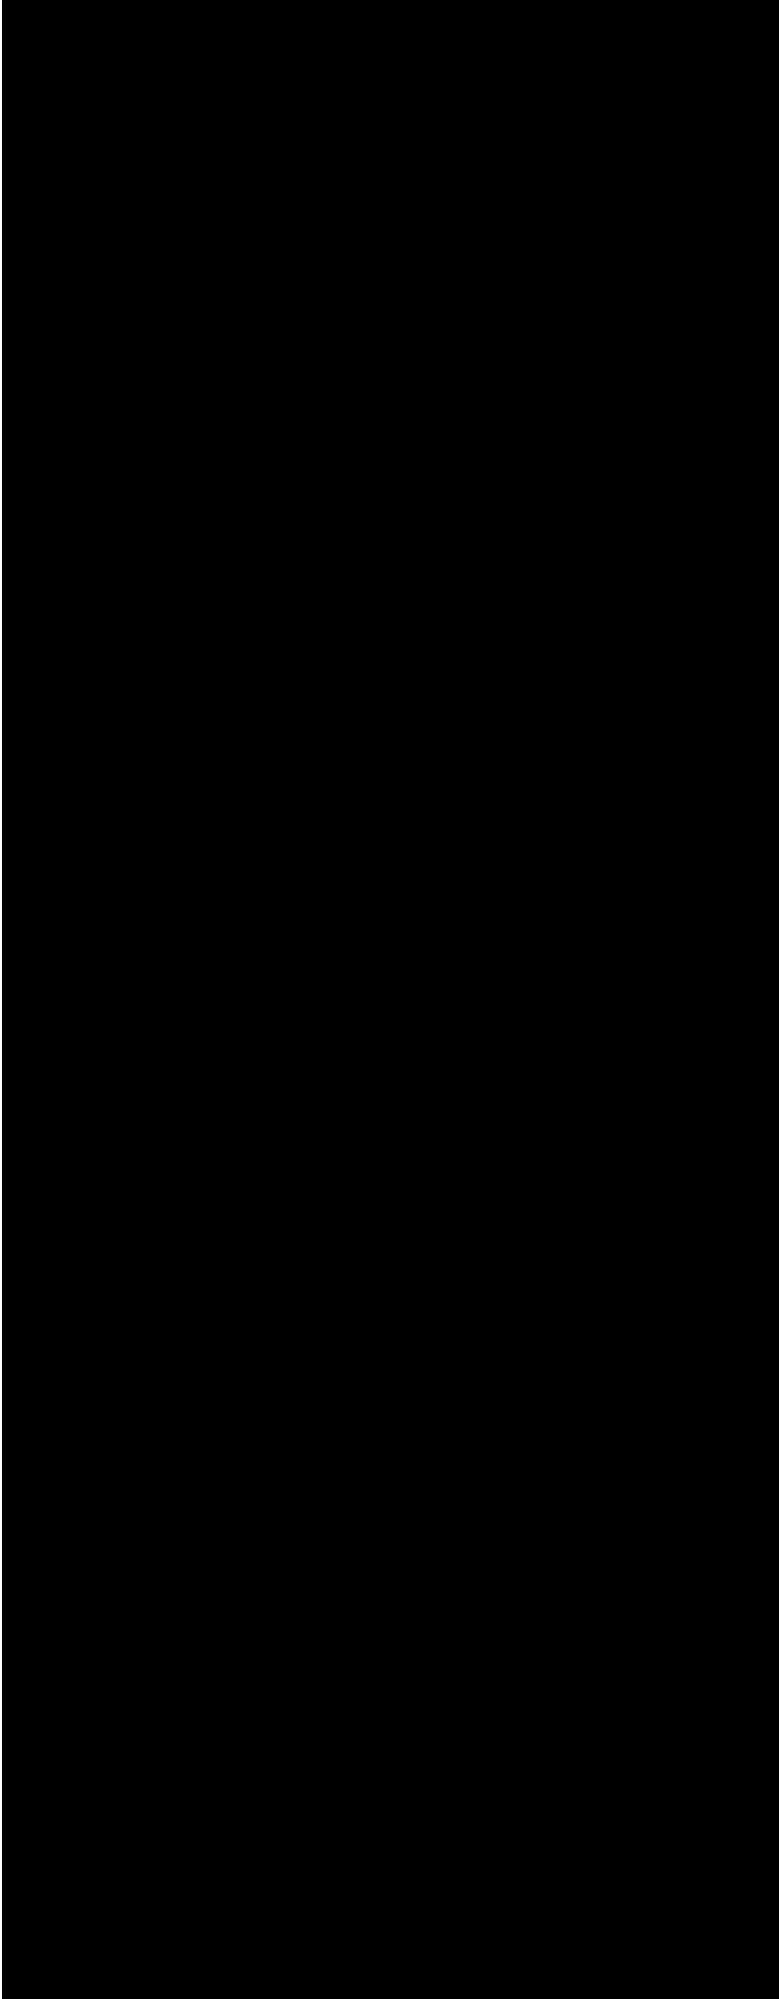

Postcode

The table content is completely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top of the page.

Name

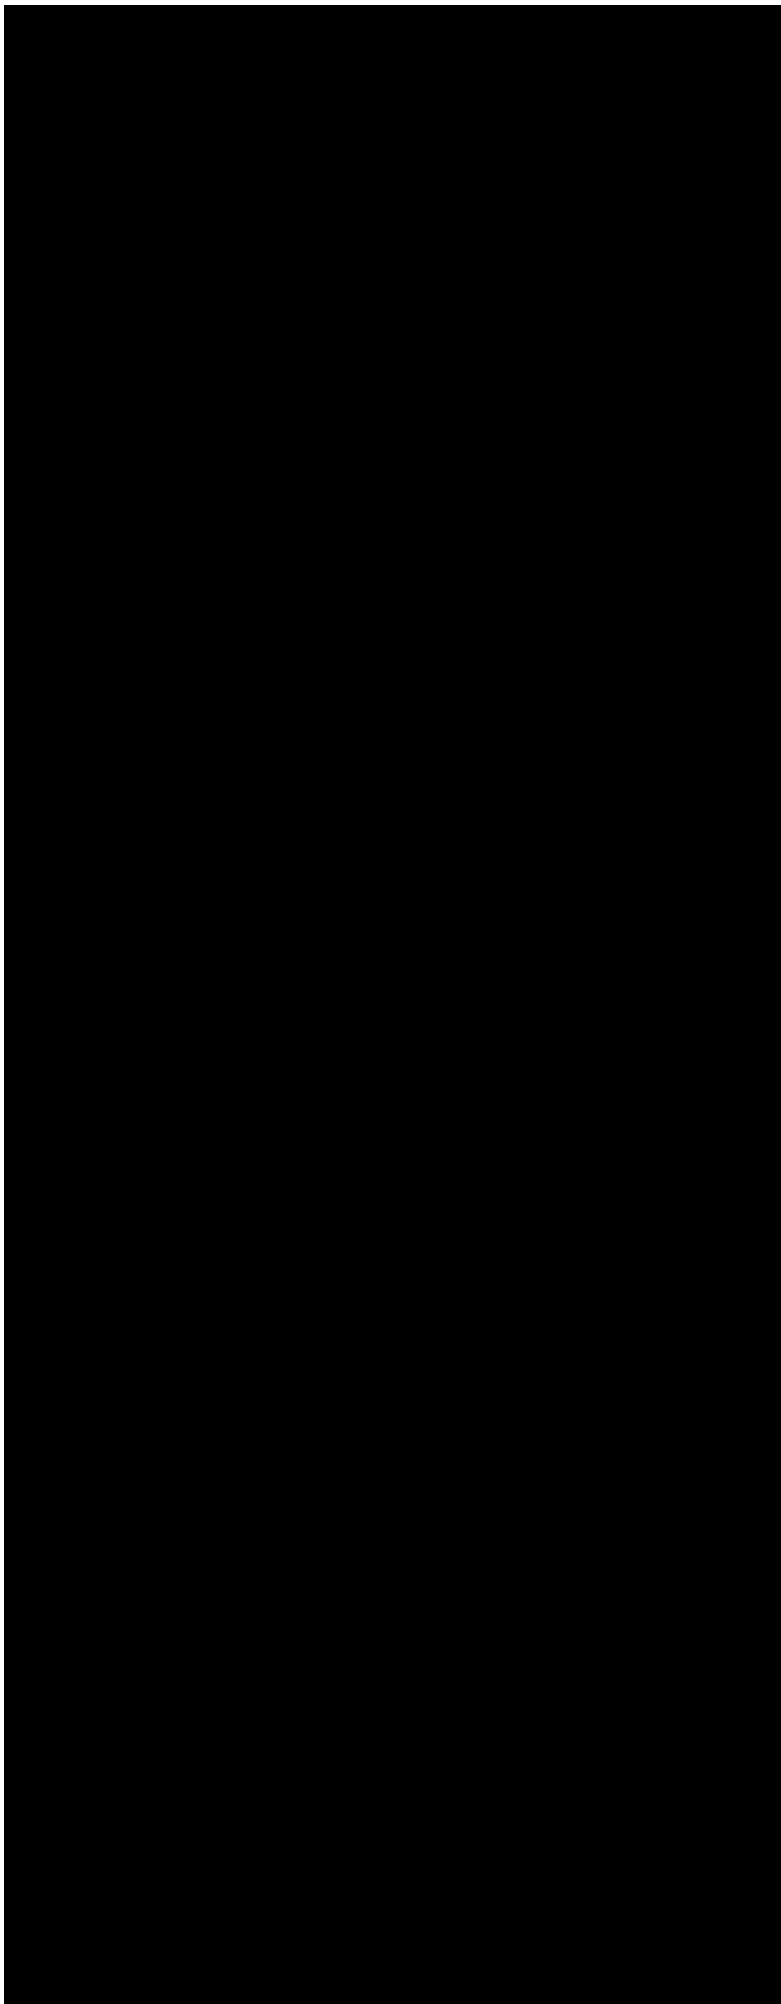

Postcode

The table content is completely redacted with a solid black box. Only the column headers 'Name' and 'Postcode' are visible at the top. The table structure is indicated by faint vertical lines on the right side, suggesting approximately 15 rows of data.

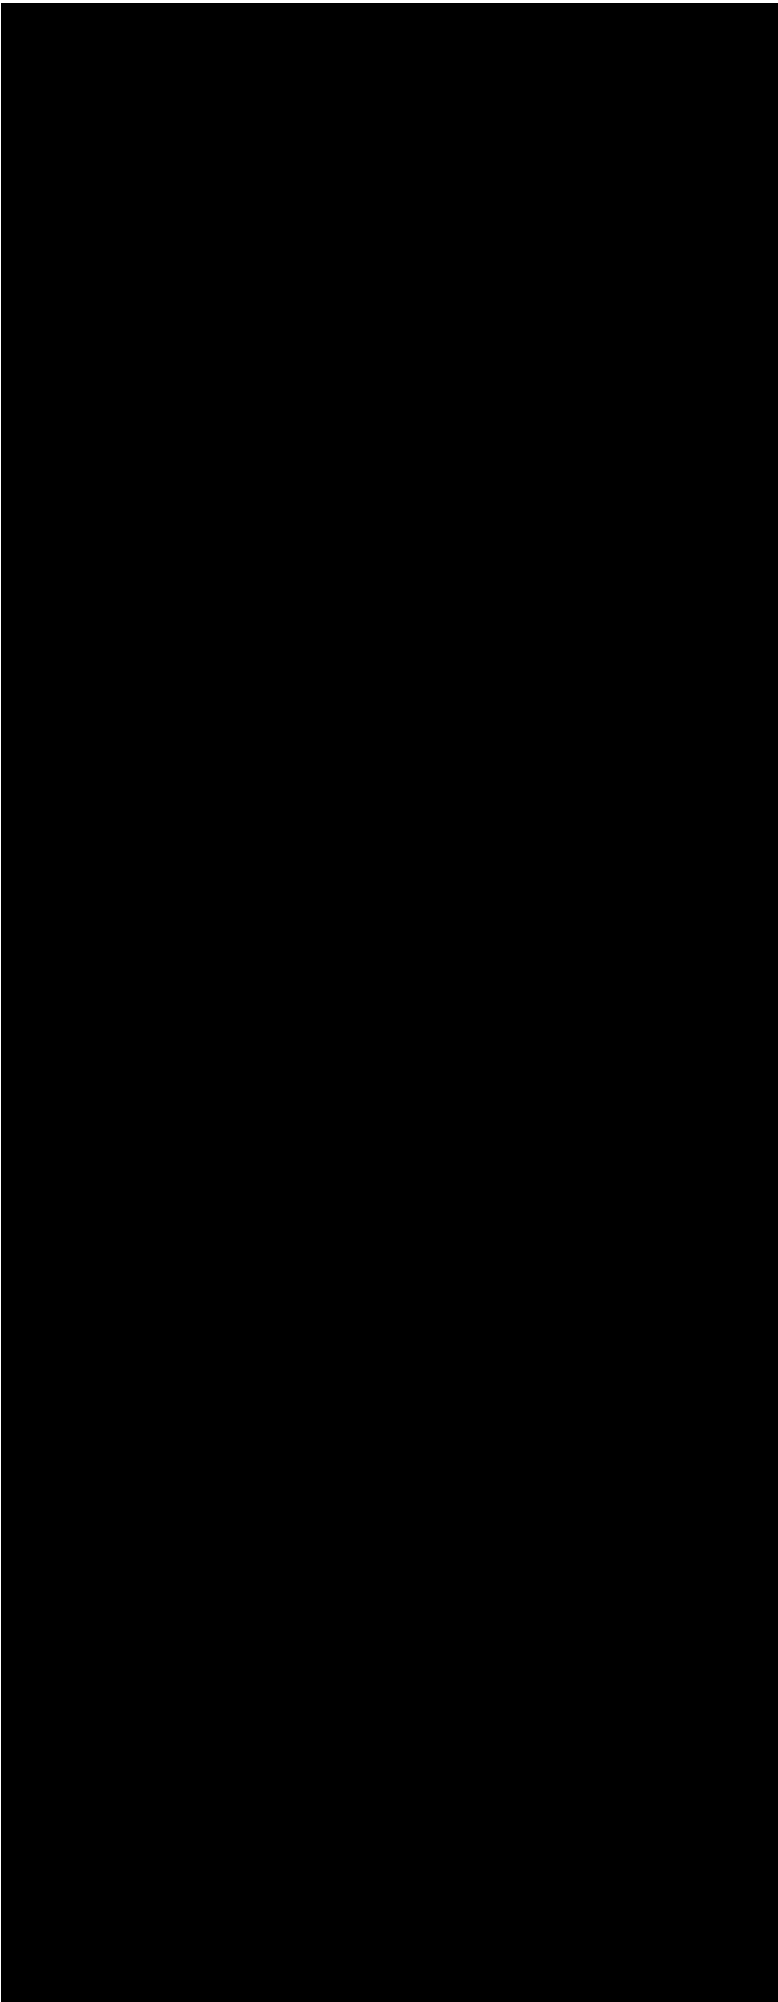

Name

Postcode

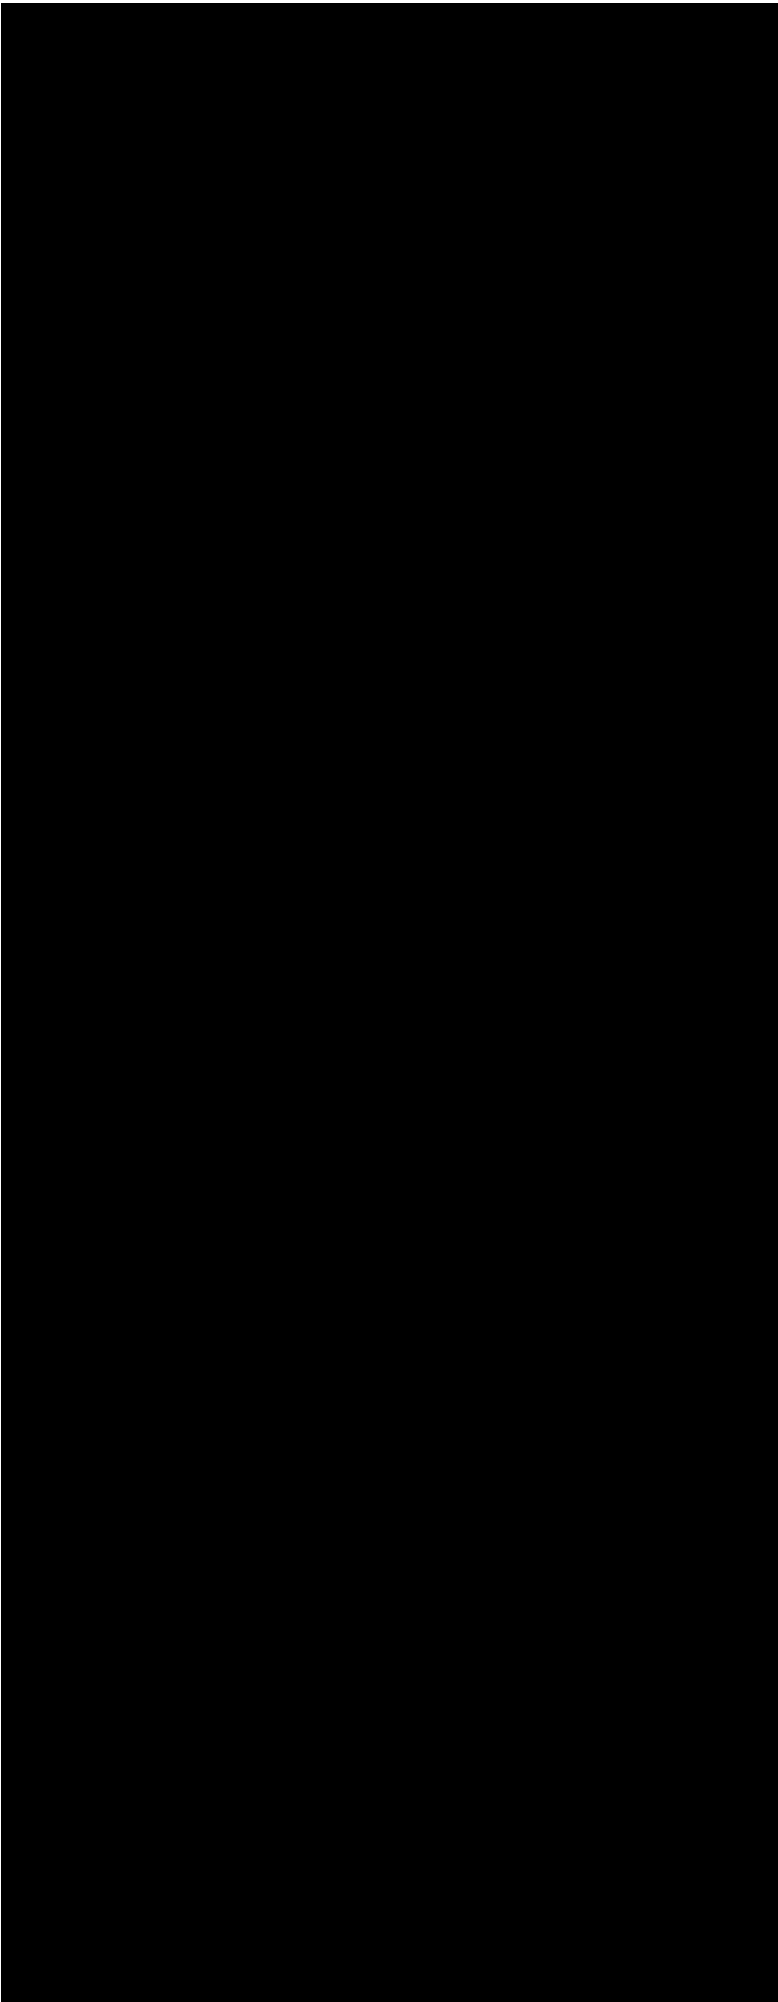

Name

Postcode

A large black rectangular redaction covers the entire data area of the table, obscuring all names and postcodes. The table structure is otherwise visible with its header and a series of empty rows.

Name

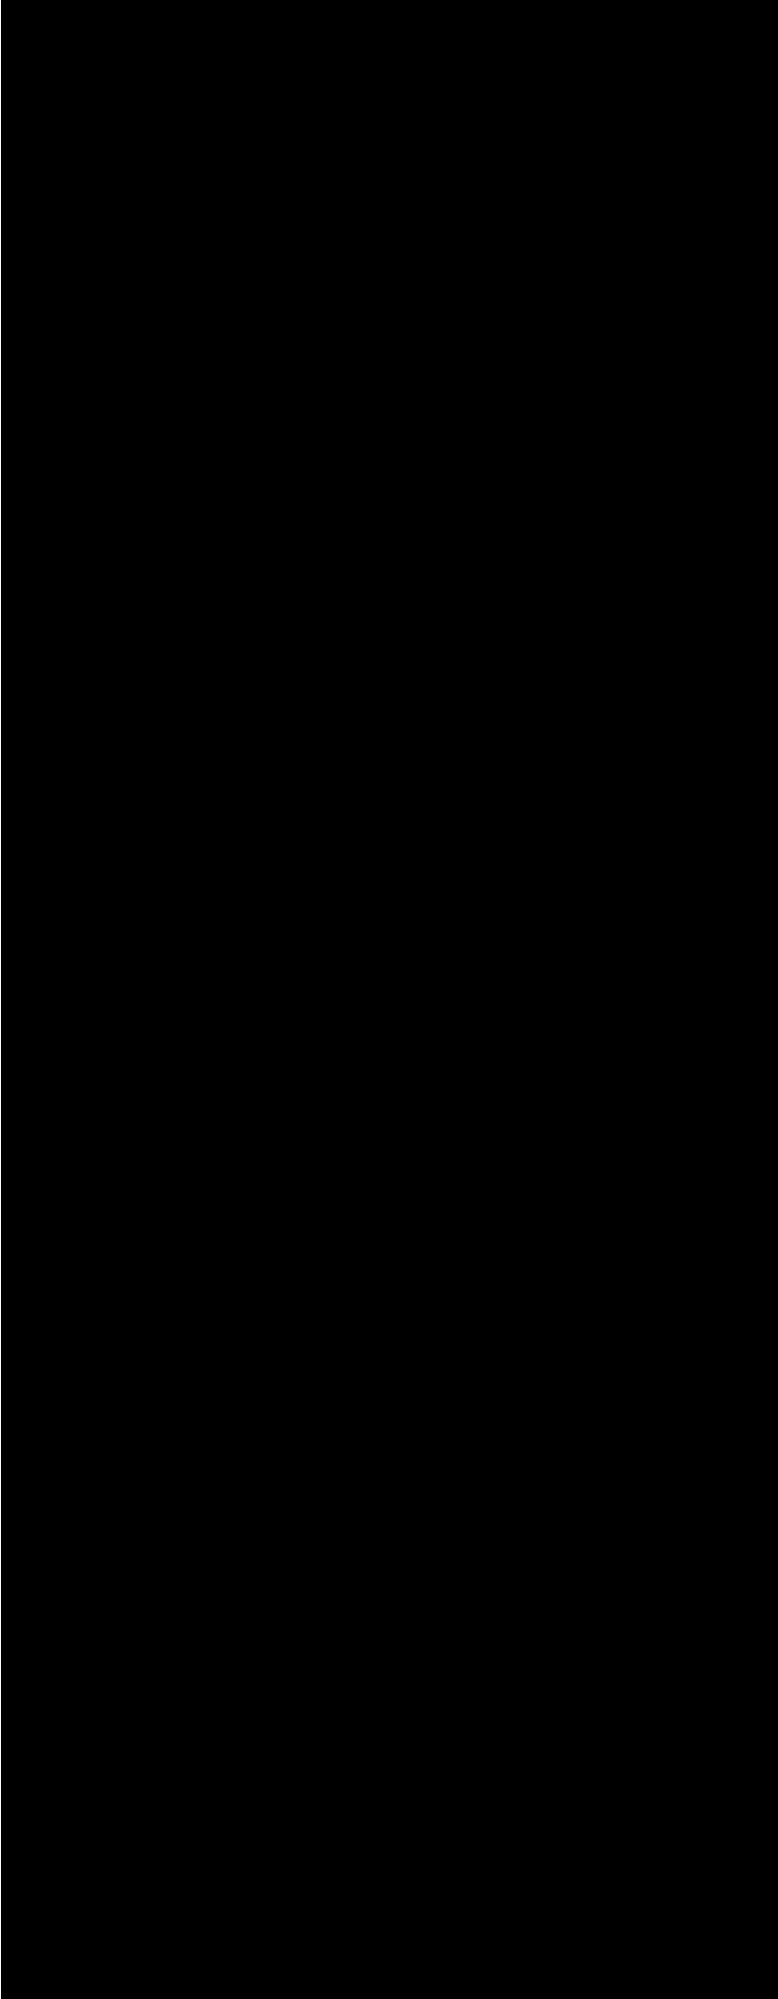

Postcode

The table content is completely redacted with a solid black rectangle. The redaction covers the entire area where data would normally be present, leaving only the column headers visible.

Name

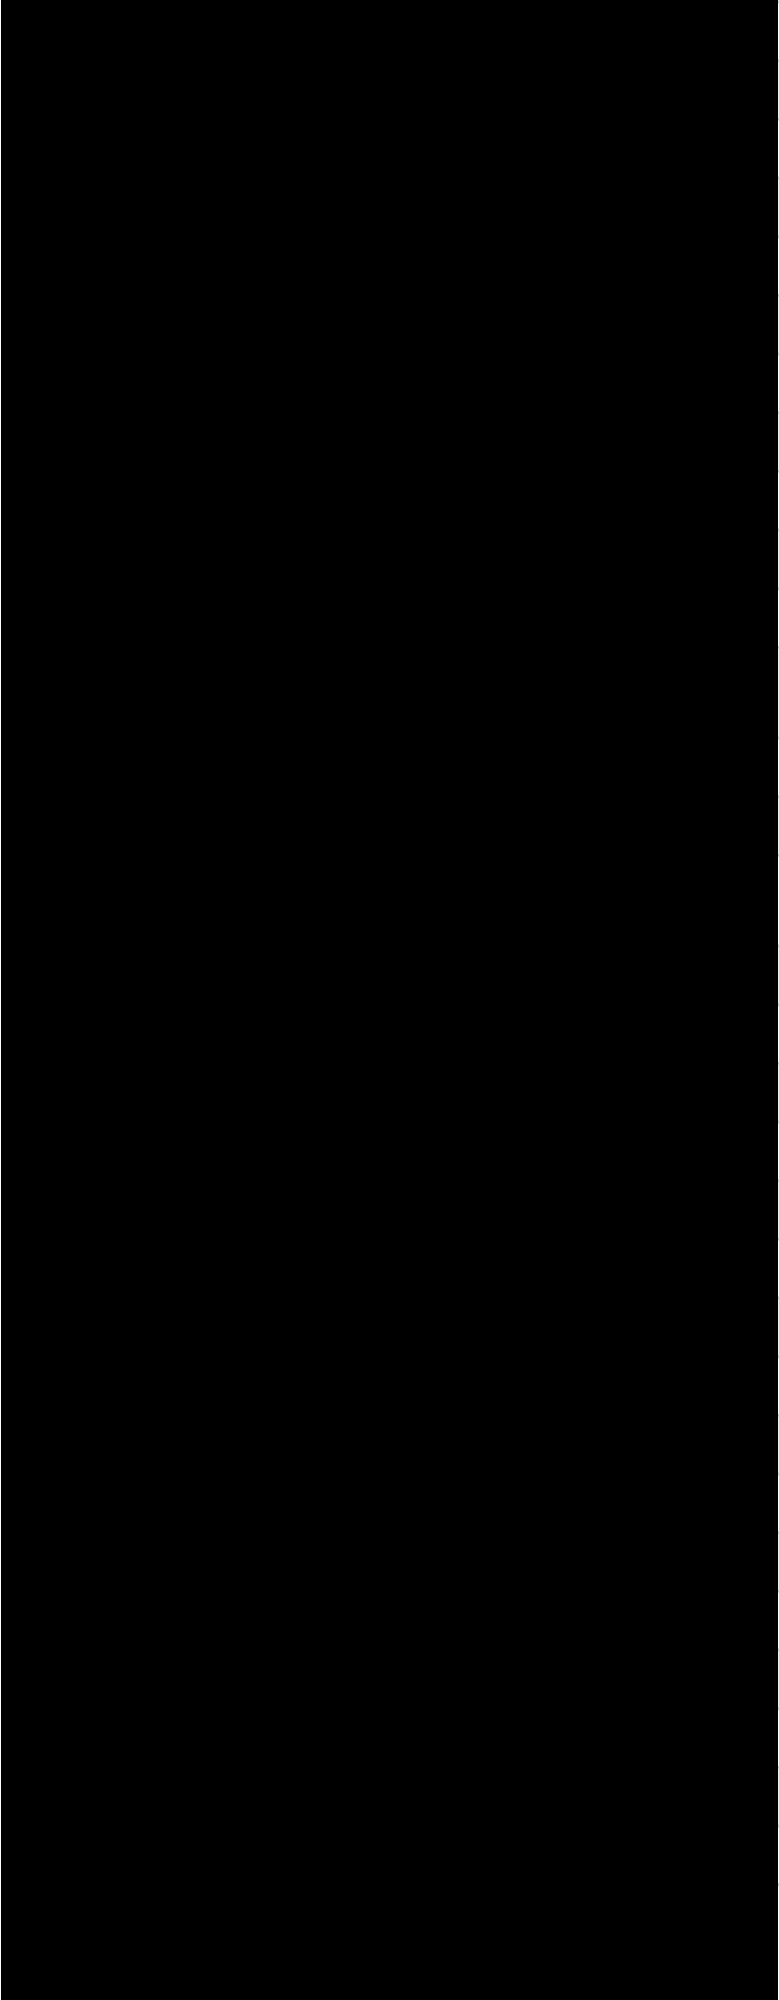

Postcode

The table content is completely obscured by a large black redaction box. Only the column headers 'Name' and 'Postcode' are visible at the top of the page.
