Dear Sir/Madam

I am writing to notify you that the Marine Management Organisation (“MMO”) received a request on 9 December 2021 from Able Humber Ports Limited (AHPL) to vary the deemed marine licence (“DML”) contained within Schedule 8 of The Able Marine Energy Park Development (the ‘DCO’).

Consent was given on 29 October 2014 by the Secretary of State for Energy and Climate Change. The MMO is the authorising body for any variation to the Deemed Marine Licences and will now begin the process of considering the applicant’s request.

Presently, there is a live application for a material change to the DCO. The application to vary the DCO is available from the Planning Inspectorate’s website: Able Marine Energy Park Material Change 2 National Infrastructure Planning ([planninginspectorate.gov.uk](http://planninginspectorate.gov.uk)). This DML variation is considered separate from the Material Change 2 application which is currently within examination.

Please see the attached documents which outlines the requested variation that the MMO received 9 December 2021:

If you have any queries or concerns about this variation request, please get in contact with myself, Christ Turner (Senior Case Manager [REDACTED]) or Adam Tillotson (Case Manager [REDACTED]) before 29 December 2021.

Kind regards

Katherine

**Katherine Blakey | Marine Licensing Case Officer | Her Majesty’s Government – Marine Management Organisation.**
