Dear Sir or Madam

**TR030006 - Planning Act 2008 (as amended) and the Infrastructure Planning (Changes to and Revocation of, Development Consent Orders) Regulations 2011
Application by Able Humber Ports Ltd for a Material Change to the Able Marine Energy Park Development Consent Order 2014
Associated British Ports (ABMC2-005)**

I write on behalf of my client, Associated British Ports, (ABP), in relation to the above proposal by Able Humber Ports Ltd for a material change to the AMEP DCO 2014. I would be grateful if this letter could be placed before the Examining Body.

As Mr Novitzky is aware ABP, represented by Mr Thomas Jaynes, is participating in the Examination in its capacity as Statutory Harbour Authority (ABMC2-R19011).

As I explained to the Examining Body at the Preliminary Hearing held on 16 November 2021, this firm is separately instructed by ABP in its capacity as owner and operator of the Humber Ports of Immingham, Grimsby, Hull and Goole - effectively the commercial part of ABP.

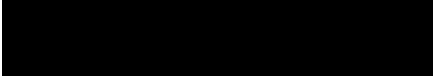

My client is extremely grateful for confirmation (by email dated 17 November 2021) that ABP, as the owner and occupier of the above Ports may participate as an Interested Party in the NSIP examination process. That said, however, as I did explain at the Preliminary Hearing – and undertook to confirm in writing - whilst our client as the owner and operator of a number adjacent ports is naturally interested in the current proceedings, it has not submitted relevant representations and for the record, it neither objects to nor does it support the application now before the Examining Body.

10028350 110326269.1

It is our intention to participate in the examination process as published by the Examining Body by letter dated 20 December 2021, as since amended (6 January 2022) but only as an interested party in the broadest sense of the term, with a view to assisting the examination and the Examining Body - should such assistance be required.

I trust the above clarifies my client's position.

Yours sincerely

Brian Greenwood
