Proposal: Application by Associated British Ports for an Order Granting Development Consent for the Immingham Eastern Ro-Ro Terminal development ("the Application").

Waterways: River Trent, River Ouse and Aire & Calder Canal

The Canal & River Trust ("the Trust") is a statutory party¹ for the purposes of s.88(3) of the Planning Act 2008 and the Trust is a statutory undertaker for the purposes of s.127 of this Act. The Trust is the navigation authority for the River Trent, River Ouse and the Aire & Calder Canal, all of which are located over 40km inland from the Application. The Trust has previously provided comments to the applicant to advise that due to the location of the Application and the relationship of the proposal with our network, we do not believe that the proposals as shown would impact our interests. We do not therefore wish to register and comment as an interested party for the examination relating to the above Application.

Should the scheme be amended to potentially affect our navigations, we would welcome further consultation on the proposals, so that we can advise about any potential impact for our network. Please do not hesitate to contact me with any queries you may have.

Yours sincerely,

Hazel Smith MRTPI
