

Submissions made by DFDS at Procedural Deadline A (Thursday 6 July)

TR030007 - IMRO-AFP007

1. Written submissions on the Examination Procedure, including the draft Examination timetable

DFDS's submission on the Examination Procedure and draft Examination timetable is as follows:

- DFDS would wish a further ISH to be held on navigational safety given the seriousness of the issue, the early date of ISH2 and the fact that it is only one of four significant issues to be covered at that hearing.
- D1, D2 and D3 are very close together and in the holiday season; there may not be time to comment if there are a lot of submissions.
- It is noted that the Applicant may need to submit (and other parties respond to) three versions of the DCO in 28 days (D1, D2 and D3), which seems unnecessary.
- The date for final and signed SoCGs seems early; should further drafts not subsequently be required?
- Are weblinks to the documents in the examination library allowed even if external weblinks are not to be allowed?
