## **1. Introduction**

- 1.1. This is a written submission made on behalf of the Harbour Master, Humber (**HMH**) in respect of documents submitted at deadline 2 by CLdN Ports Killingholme Limited ("**CLdN**")
- 1.2. The document addressed in this submission is CLdN's response to EXQ1 – NS. 1.4.
- 1.3. The fact that HMH has not responded to any particular point does not mean that he agrees with it or accepts that it is correct. HMH has limited his responses to matters that are directly relevant to his areas of responsibility and where he thinks he can assist the Examining Authority.

## **2. CLdN - responses to ExQ1 - NS 1.4**

- 2.1. CLdN is a regular attendee at the stakeholder liaison meetings that HES chairs with operators on the Humber. It provides updates about the port (including, for example, operations and works). HES provides pilotage services to CLdN in its capacity as Competent Harbour Authority. HES discusses any proposed changes to the Humber MSMS in this forum.
