1 **Introduction**

- 1.1 This Guide to the DCO Application has been provided in connection with an application that has been submitted to the Secretary of State for Transport by Associated British Ports (“ABP”) under the provisions of section 37 of the Planning Act 2008 (“PA 2008”) for a Development Consent Order (“DCO”).
- 1.2 ABP is seeking development consent for the construction and operation of the Immingham Eastern Ro-Ro Terminal Development (“IERRT”). This will comprise a new three berth Ro-Ro facility, with hinterland cargo storage, at the Port of Immingham, which is owned and operated by ABP.
- 1.3 This Guide to the DCO Application has been prepared in accordance with regulation 5(2)(q) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 as a document which ABP considers necessary to support the application.

2 **Purpose of the Guide to the DCO Application**

- 2.1 This document is being provided to act a guide to the application by Associated British Ports (“ABP”) (“the Applicant”) for a Development Consent Order (“DCO”) for the Immingham Eastern Ro-Ro Terminal (“the Project”). Its purpose is to provide an understanding of the structure of ABP’s application and explain what the application documents are.
- 2.2 This document is intended as a live document which will be updated when updates or revisions to existing application documents are made, or when new documents are submitted to the Planning Inspectorate.
- 2.3 It is intended that revised versions of this document will be submitted for each examination deadline, each setting out which application document versions are the most up to date.

3 **Application Document Overview**

- 3.1 The reports, drawings and plans that make up ABP’s application for development consent have been organised into 10 volumes as listed in Table 1.
- 3.2 The constituent parts of these ten volumes are set out in more detail in Table 2. Each volume has a unique identifying colour as shown in table 1.

Table 1 Overview of the Documentation Submitted by the Applicant

Volume		Details
1.	Application Form and Supporting Documents	Provides details of the specific application information required by the Planning Inspectorate. Includes the Application Form, Electronic Index, and a draft Section 55 Check List.
2.	Plans	Contains the plans which show the location of the Project and the works proposed. Includes the Site Location Plan, Works Plans, illustrative General Arrangement Plans, and Engineering drawings.
3.	Draft Development Consent Order and Explanatory Memorandum	The Development Consent Order contains the legal powers sought by the Applicant to construct, operate, and maintain the Project. The Explanatory Memorandum explains the powers sought.
4.	Compulsory Acquisition Information	Provides details of, and justification for, the powers of acquisition that are sought by the Applicant in order to construct the Project. Includes details of land interests and funding for the Project.

5.	Reports and Statements	Contains documents detailing the relevant statutory and policy background to the Project in the form of the Planning Statement and the Statutory Nuisance Statement.
6.	Consultation Report	Provides details of the consultation undertaken by the Applicant and how the Applicant has had regard to consultation responses. Includes the Consultation Report and supporting documents.
7.	Statements of Common Ground	Provides copies of the Statements of Common Ground agreed by the Applicant and relevant Stakeholders.
8.	Environmental Impact Assessment	Contains information showing how the Applicant has assessed the potential impact on the environment, and details of mitigation measures proposed to reduce any negative impacts.
9.	Other Documents	Includes additional documents produced in support of the application, providing useful information on the Project in order to aid detailed understanding. Includes the Consents and Agreements Statement, Construction Environmental Management Plan, Habitats Regulations Assessment, and ecological enhancement plans.
10.	Examination Documents	New documents submitted to the Planning Inspectorate during the course of the examination post submission.

4 IERRT Application Master Document List

- 4.1 The master document list table is set out on the following pages and provides a full list of all the documents submitted to date, indicating either the latest revision (if applicable) or when a new document was submitted.
- 4.2 Save for Statements of Common Ground, any new documents submitted during the examination (except revisions to previously submitted documents that may be updated and resubmitted as and when required) will be Volume 10 documents. The numbering of the documents will follow the sub-categories as noted below:
- 10.1 Supplemental Environmental or Engineering Information;
 - 10.2 Other Submissions save for those relating to Changes; and
 - 10.3 Scheme Changes Documents.
- 4.3 Statements of Common Ground (SoCGs) will be included in Volume 7 documents with numbering from 7.1. The Applicant intends to submit SoCGs with the relevant parties in the lead up to, and during, the examination.
- 4.4 In addition to listing the Application Documents submitted, Table 2 also identifies where these have been provided in order to comply with relevant legislative requirements. The legislative requirements for DCO applications are principally contained in the 2008 Act, the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 (APFP Regulations) and the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (The Infrastructure EIA Regulations 2017).
- 4.5 Regulation 5 of the APFP Regulations lists the documents that all DCO applications must include. Regulation 5 includes a category (Reg. 5(2)(q)) described as "*any other documents considered necessary to support the application*". Similarly, Regulation 5 (Reg. 5(2)(o)) also allows applicants to submit other plans, drawings and sections which are considered necessary to describe the proposals for which development consent is sought. Regulation 6 of the APFP Regulations sets out a number of documents that particular types of DCO application must include.
- 4.6 The Application submitted for the Project is considered to comply with the statutory requirements of the 2008 Act, the APFP Regulations and the Infrastructure EIA Regulations 2017, and also with the applicable SoS and Planning Inspectorate (PINS) guidance, including PINS Advice Note 6 'Preparation and submission of application documents' (version 11).

Table 2 IERRT Application Master Document List

Volume	Document Reference	Examination Library Reference (when known)	Document	Statutory Requirement	Version	Current Document?	Submission Date
1	Application Form and Supporting Documents						
	1.1	APP-001	Cover Letter to PINS regarding the IERRT Application	5(2)(q)	01 Submission	Yes	10/02/23
	1.2	APP-002	Application Form for the IERRT Development	5(1)	01 Submission	Yes	10/02/23
	1.3	APP-003	Applicant's Section 55 Checklist	5(2)(q)	01 Submission	Yes	10/02/23

Glossary

Abbreviation / Acronym	Definition
ABP	Associated British Ports
APFP Regulations	Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009
CEMP	Construction Environmental Management Plan
DCO	Development Consent Order
EA	Environment Agency
EPA	Environmental Protection Act 1990
ExQ1	Examining Authority's Written Questions 1
HGV	Heavy Goods Vehicle
HSE	Health and Safety Executive
IDB	Internal Drainage Board
IERRT	Immingham Eastern Ro-Ro Terminal
IP	Interested Party
LIR	Local Impact Report
MMO	Marine Management Organisation
NE	Natural England
NELC	North East Lincolnshire Council
NLC	North Lincolnshire Council
NSIP	Nationally Significant Infrastructure Project
PA 2008	Planning Act 2008
PINS	The Planning Inspectorate
PMSC	Port Marine Safety Code
Ro-Ro	Roll-on/roll-off
SoCG	Statement of Common Ground
SoS	Secretary of State for Transport
TTRO	Temporary Traffic Regulation Order
UK	United Kingdom
