Dear Sir/Madam,

Application by Associated British Ports for an Order Granting Development Consent for the Immingham Eastern Ro-Ro Terminal (TR030007)

Section 89(3) of the Planning Act 2008 (as amended) and the Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) Rules 8(3), 9 and 17

Procedural Decisions in respect of: 1) making comments in response to the Examining Authority's (ExA) recommended changes to the submitted draft Development Consent Order (dDCO) etc; and 2) the Applicant's change of application request

Procedural Decisions

The company Origin UK Operations Limited t/a Origin Fertilisers note your letter dated 06/12/2023 (Ref: TR030007) and thank you for notification. The period of extension from 11/12/2023 to 08/01/2024 to allow interested parties (IP's) is well received and our comments are given below.

'Origin Fertilisers wish to make it clear that as existing tenants of Associated British Ports at Immingham Dock (ABP), we will not accept any changes and/or additional conditions to our existing Hazardous Substances Consent ref; DC/776/09/IMM at our establishment address;

*Origin Fertilisers Limited
Gresley Way
Immingham Dock
Immingham,
N.E. Lincs. DN40 2QQ*

because of ABP's development proposals above and if they were to be granted consent.

Hazardous Substance consent DC/776/09/IMM in it's current form is crucial to Origin's commercial trading ability and operations in the geographical area, serving local agriculture.

Any planning considerations, and subsequent consents to ABP must take this into account because Origin Fertilisers are existing and have long term tenancy agreements with ABP'.

The company thank the Planning Inspectorate in advance for giving this letter of concern their full consideration including their stakeholders involved in the process and seek assurance that our current consents to operate will not be affected.
