

ISH2 Pt5

0:01

OK, welcome back. It's just gone 5:30

0:06

and we are now resuming this hearing.

0:09

I will shortly list the actions emerging from today's hearing. You may start working on these actions now as I am formally issuing the actions here at the hearing.

0:19

However, we will issue them in writing in the first written questions

0:26

and unless otherwise noted, responses are due at deadline one on the 13th of March.

0:37

So starting with the action one

0:40

for Agenda item 3, Construction Effects,

0:45

which is to provide more detail on the content of Hwy authority objection slash discussions with the applicant and that is for Nelk

0:55

and that is deadline 113th of March.

0:59

Action .2

1:01

under Agenda Item 4 Cumulative effects

1:05

is to provide updated cumulative assessment in relation to Viking CCS and share with milk, and that's an action for the applicant deadline 113th of March.

1:18

Action .3

1:20

under Agenda Item five, Major accidents and hazardous substances.

1:26

That is confirming writing existing position in relation to COMA, constraining future development opportunities,

1:34

expanding on the position within

1:37

the relevant RAMP RR 0 to 2. And that's for NELK deadline 113th of March,

1:45

Action .4,

1:47

agenda item five major accidents and has the substances

1:53

that is to expand on the potential cumulative effects

1:58

of overlapping common zones and how this may or may not affect future land use planning and investment opportunities. And that's for the applicant deadline, 113th of March.

2:11

Action .5 Agenda Item 6

2:15

Traffic and Transport

2:17

provide baseline traffic survey data that the US relies on to draw its conclusions,

2:23

IE when it was collected, is it representative of the worst case scenario, conditions, etcetera. And that's for the applicant deadline, 113th of March

2:36

at your .6 agenda item 6, Traffic and Transport

2:41

to provide travel plan for the operational phase of the proposed development. And that's for the applicant deadline one.

2:49

13th of March

2:51

Action .7

2:53

Agenda Item 7

2:56

Terrestrial Ecology and Habitats Regulation Assessment and that is to provide detailed bat survey update notes. That's for the applicant deadline one

3:08

13th of March

3:12

Action .8

3:14

Agenda Item 7 Terrestrial Ecology and Habitats Regulation Assessment,

3:19

Woodland Compensation Update in relation to Viking CCS impacts.

3:25

A plan including

3:28

illustrative material

3:30

on potential land take implications and that is for the applicant deadline. 113th of March

3:38

Action .9

3:40

Agenda Item 7 Terrestrial Ecology and Habitats Regulation Assessment,

3:45

which is a progress update on defining slash securing woodland compensation sites including time scales relative to the examination. That's for the applicant. I have that noted down for deadline 2

3:58

26th of March

4:02

Action .10

4:04

Agenda Item 7, Terrestrial Ecology and Habitats Regulation Assessment. Have that as a note outlining issues relating to the operational lifetime of the proposed development

4:15

and how this has been assessed in terms of worst case scenario. That's for the applicant deadline 113th of March

4:23

Action .11. Moving on to Agenda item 8, Draught Development Consent Order. Have that as consolidated and track change version of the Draught Development Consent Order. That's for the Applicant at Deadline One, Deadline Three, Deadline 5

4:41

and deadline 7,

4:44

Action .12. Gender Activate Draught Development Consent Order.

4:49

Have that to provide a note about requirement 14 in relation to the Health Safety Executive role in the process and where there is a nest, and whether this necessitates changes to drafting within the draught of Consent Order and to consider whether further explanation in the Explanatory Memorandum is necessary.

5:09

Have that for the applicant deadline 113th of March

5:14

Action .13 Agenda Item 8 Draught Development Consent Order.

5:20

Note explaining commencement exclusions,

5:23

Cumulative slash in combination effects of the exclusions and, if environmentally significant, how the effects would be controlled.

5:33

Also identify instances where the activities excluded from the definition of commence are covered by other provisions in the Draught Development Consent Order. I have that for the applicant Deadline 113th of March

5:49

Action .14

5:51

Agenda Right to Meet Draught Film Consent Order for Position Statement on whether Nelk are satisfied with how the Applicant has dealt with the design matters required by the National Policy Statement for Ports

6:05

Notice for Nelk

6:07

by Deadline 113th of March.

6:10

And finally Action .15

6:13

Agenda, Item 8 Draught Development Consent Order

6:16

requires a written response in relation to 8 seven of the agenda and that's for the applicant deadline one

6:23

13th of March.

6:26

Does the applicant have any other action points to add or any comments on the ones that have been listed? Sir Hereward Phillipot on behalf of the applicant? I I don't have any to add or any comments on those that have been listed. I'm just looking to my right. I'm getting shakes of the head so that reflects our list as well. Thank you.

6:48

Thank you very much.

6:50

There's the Nelk. Have any comments on those action points? Richard Lemon NE links council No, no comments on that. Thank you. Thank you very much. Anyone else in the room online have any comments on those action points?

7:06

Can't see any hands, so I'll hand back over to Miss Sai.

7:13

OK, that concludes the business of the day. The time now is exactly 5

7:21
5:40 PM

7:23
and I close issue specific hearing too. Thank you.

7:28
