

ISH5 Pt4

0:02

OK, welcome back. The hearing is now resumed,

0:06

so I'll just run through the action points noted during the last session

0:11

to Action .1. Gender Item 3 is to provide revised Draught Woodland Compensation Strategy documents, including all plans therein as separate documents of a suitable scale. That's for the Applicant deadline 3

0:27

Action .2 Gender item 4

0:31

additional viewpoints and photo montages requested for viewpoints 3-4 and 11:00,

0:37

and that's the applicant deadline 3

0:41

action .3 Gender item 4. Explain the distinction

0:48

of form and not substance as set out in the planning statement and justify as appropriate. And that's for the Applicant Deadline 3.

0:59

Action .4.

1:01

Agenda Item 4.

1:03

Submit analysis of the designs associated with extant planning permissions to understand how the proposed development relates in terms of scale and massing. That's for the Applicant Deadline 3.

1:16

Action .5 Gender Item 4

1:20

NE Lincolnshire Council and the applicant to provide a joint note on the future of Queens Road properties, including how the site would be used in the future and whether this needs to be secured

by the proposed development. That's for the applicant and Northeast Lincolnshire Council at deadline 3.

1:39

Action .6. Agenda Item 4

1:42

Provide separate works plans for clarity of viewing in relation to appendices in document reference, IE P1-025. And that's for the Applicant Deadline 3.

1:56

Action .7. Gender item 4.

2:00

Clarify requirement for provisions in relation to design, including scale. That's for the Applicant deadline 3.

2:09

Action .8. Gender item 6

2:12

in relation to construction traffic. Provide a plan showing Queens Rd, East site and West site and a note explaining differences in sensitivity rating. That's for the Applicant Deadline 3.

2:27

Action .9. Agenda Item 6

2:30

in relation to socioeconomics

2:33

provide a note explaining the I get, I get, I heart and Viking in terms of workforce availability and housing capacity and where the beneficial effects

2:46

would remain. And that's for the applicant deadline 3.

2:50

Action .10. Gender item 7.

2:54

Provide a note on Article 19 and where the provisions for making good of the land are necessary in addition to compensation provisions. That's for the Applicant Deadline 3.

3:06

Action .11

3:08

Agenda Item 7

3:10

Provide a note justify justifying the need for Article 21 on human remains, including contextual information about human remains found during the construction of the Thames Tideway Tunnel. That's for the applicant deadline three. And finally, Action .12 Gender Item 7 submit sizable C justification on the use of tail pieces in the drafting of requirements, and that's the applicant. Deadline Three. I'll now hand back to

3:41

stand to to close. Thank you.

3:45

If I may hereward Phillpot on behalf of the applicants. I just wanted to clarify my understanding of item 11 on the need for Article 21 and the Thames Tideway Tunnel material. What I had understood is that that material would come in as an effectively in appendix to the the written summary of the oral submissions because the oral submissions would effectively comprise

4:16

summary of the justification of the need for Article 21. So it wouldn't be a further note beyond those that that that's how we anticipate dealing with it.

4:26

Yeah, that's fine. Thank you for that clarification. I should have asked is there any other comments on those action notes.

4:35

The the the only other one I would say Howard Philtre on behalf of the applicant is in relation to item 5 which and and the position on the Queens Road properties. And that there are a number of elements in there which of course will require discussion with milk and consideration by Nelk and it's not there for wholly within either parties control. And we will seek to agree that by deadline three if it's not been possible

5:05

than I anticipate that both parties would be able to provide some agreed update as to where we are and the plan is to where we would anticipate going and buy when. So we will do our best. But I just flag up that because neither party could completely control that we we may have to see where we are at deadline three and report to you at that stage. That's that's fine. Thank you. Does Nelk have anything to add on that?

5:32

Richard Lemon, Northeast Links Council? No, nothing to add on that, but it's fine with us. Thank you.

5:38

Thank you very much.

5:41

Thank you, Mr Page. Moving on to item number now which is any other business we haven't as an ex a or any other business and is there anybody in the room who's got anything that they they wish to raise

5:53

any sort of final comments or anything no and anybody online

5:58

I'm not seeing anything. So I think that's that's probably a OK on that one. I think that then sort of moves on to to item 10 which is the closer the hearing. So I just want to

6:07

thank you for your participation today, which has been extremely helpful and and useful. And as I mentioned at the start, a digital recording will be made available as soon as possible on the project page of the National Infrastructure website. And in addition, can I request that you submit in writing the points that you've made for publication on the website? The deadline for those is deadline 3, which is Friday the 3rd of May. And again, just as a reminder, we've got compulsory acquisition hearing #1 starting in this room at 10:00 tomorrow and the time is now

6:38

6 minutes past three. And I declare this issue specific hearing for the proposed Immingham Green Energy Terminal is now closed. Good afternoon and thank you.

6:45
