## 1. INTRODUCTION

### 1.1. Purpose of this document

- 1.1.1. This Book of Reference relates to an application made by Associated British Ports (the “Applicant”) to the Secretary of State for Transport via the Planning Inspectorate under section 37 of the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (“DCO”). If made, the DCO would grant the Applicant consent for the alteration of a harbour facility being the construction, operation and maintenance of a multi-user green energy terminal (the Immingham Green Energy Terminal or IGET) and associated development (the “Scheme”). The associated development includes a hydrogen production facility to be owned, constructed and operated by Air Products (BR) Limited (“Air Products”).
- 1.1.2. This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) and Regulation 7 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”) and in accordance with the Department for Levelling-Up, Housing and Communities 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).
- 1.1.3. Chapter 4 of this Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Chapter 4 Part 1 of this Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition and over which the Applicant and Air Products are seeking powers of temporary possession in the DCO for the purposes of the Scheme. For each plot it identifies whether the power sought is to acquire that plot outright, to create and/or acquire permanent rights, or to create and/or acquire temporary rights of possession and use. It also lists (at Chapter 4 Part 2) the persons with land outside the DCO boundary who may be entitled to make a relevant claim for compensation due to the effects of construction or when the Scheme is complete and (at Chapter 4 Part 3) the persons whose entitlement to enjoy easements or other private rights may be extinguished, suspended or interfered with. Chapter 4 Part 4 identifies Crown land existing within the Order limits and Chapter 4 Part 5 addresses special category and other types of land.
- 1.1.4. Each of the five Parts are further explained in chapter 2 of this Book of Reference together with a brief commentary on how the requirements of the Regulations have been interpreted and applied.

- 1.1.5. As this Book of Reference is part of the application documents it should be read in conjunction with the Lands Plans (Application document 4.5) which show the location of each of the plots, the draft DCO (Application document 3.1) which contains the powers sought and the Statement of Reasons (Application document 4.1) which explains the reasons for seeking the relevant powers. Chapter 3 of this document provides an explanation of Part 1 of Chapter 4 and explains the relationship of Part 1 with the Land Plans.
- 1.1.6. A detailed description of the Scheme can be found in the 'Introduction to the Application (Application document 1.1) and in Chapter 2 of the Environmental Statement (Application document 6.2).

## 2. BOOK OF REFERENCE DESCRIPTION

### 2.1. PART 1 DESCRIPTION

2.1.1. Regulation 7(1)(a) of the 2009 Regulations states in respect of the Book of Reference;

*Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to:*

- i. powers of compulsory acquisition*
- ii. rights to use land, including the right to attach brackets or other equipment to buildings; or*
- iii. rights to carry out protective works to buildings*

2.1.2. Part 1 of this Book of Reference contains the names and addresses for service for every person who is known, after making diligent inquiry, to be an owner, lessee, tenant or occupier of each relevant plot (known as Category 1 persons) or, is interested in or, has the power to sell, convey or release the land (known as Category 2 persons). Explanation of the steps taken by way of diligent inquiry is set out in the Statement of Reasons at section 7.

2.1.3. A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant (whatever the tenancy period), or occupier of the relevant land to which Part 1 relates; see section 57(1) and (7) of the 2008 Act.

2.1.4. A person is within Category 2 if the Applicant, after making diligent inquiry, knows that they are interested in the land or have the power to sell and convey or release the land. This includes mortgagees, cautioners and beneficiaries that may have an interest in the relevant land to which Part 1 relates.

2.1.5. Parties recorded in Part 3 of this Book of Reference (being those entitled to enjoy easements or other private rights which it is proposed shall be extinguished, suspended or interfered with) have also been included in Part 1 where they have easements or other rights over the relevant plots.

2.1.6. Chapter 3 explains in more detail how the plots and powers sought are identified on the Land Plans. A more detailed explanation of the powers sought is set out in the Statement of Reasons at section 4.

## 2.2. PART 2 DESCRIPTION

2.2.1. Regulation 7(1)(b) of the 2009 Regulations states in respect of the Book of Reference;

*Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57.*

2.2.2. Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant after making diligent inquiry) of each person within Category 3, as defined by Section 57 of the 2008 Act.

2.2.3. A person is within Category 3 if the Applicant, having made diligent inquiry, believes that, if the DCO were to be made and fully implemented, they would or might be entitled, as a result of the implementing of the DCO or as a result of it having been implemented, or as a result of the use of the land once the order has been implemented, to make a relevant claim as defined in section 57(6) of the 2008 Act. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965 (compensation where satisfaction is not made for the taking or injurious affection of land subject to compulsory purchase), a claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by the use of public works), or a claim under section 152(3) of the 2008 Act where land is injuriously affected by the carrying out of the authorised works.

2.2.4. It is considered that Category 3 also includes:

- i. Certain Category 1 'Owners'
- ii. All Category 1 'Lessees and Tenants'
- iii. Any Category 2 interests for land within the DCO boundary

## 2.3. PART 3 DESCRIPTION

2.3.1. Regulation 7(1)(c) of the 2009 Regulations states in respect of the Book of Reference:

*Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with*

2.3.2. Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.

2.3.3. Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.3.4. Parties recorded in Part 3 of this Book of Reference have also been

included in Part 1.

## **2.4. PART 4 DESCRIPTION**

2.4.1. Regulation 7(1)(d) of the 2009 Regulations states in respect of the Book of Reference;

*Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made*

2.4.2. "Crown land" is defined in section 227 of the 2008 Act and includes interests belonging to Government departments among other Crown interests.

2.4.3. Crown land has been identified within the Order limits which is proposed to be used for the purposes of the Scheme. However, no powers of acquisition are being sought over the Crown land identified. ABP has the benefit of a lease over the relevant land and will seek consent from the Crown as necessary by way of private treaty in the usual manner.

## **2.5. PART 5 DESCRIPTION**

2.5.1. Regulation 7(1)(e) of the 2009 Regulations states in respect of the Book of Reference:

*Part 5 specifies land –*

- i. the acquisition of which is subject to special parliamentary procedure*
- ii. which is special category land*
- iii. which is replacement land*

2.5.2. It is not proposed to acquire land which is subject to special parliamentary procedure and no special category land or replacement land is affected by the use of compulsory acquisition powers. For completeness, this Book of Reference has retained Part 5 but it does not identify any relevant land.

### 3. BOOK OF REFERENCE NOTES

- 3.1.1. Each plot of land shown in this Book of Reference (Chapter 4) has been given a unique reference (e.g., plot 3/1). The first number relates to the sheet of the Land Plans on which the plot is located (e.g., for plot 3/1, see sheet 3 of the Land Plans). The second number enables the identification of the plot on that sheet. The plots on each sheet are numbered sequentially from west to east, i.e. plot 3/1 is the first plot to appear on the western end of sheet 1 of the Land Plans. Note that the next sequentially numbered plot to appear to the east of a preceding one may not necessarily be directly to the east of the earlier plot but instead be the next to appear below or above it on the sheet. This is the most logical approach for schemes such as IGET which are not comprised of narrow and wholly linear Order land. There are black cut lines on the Land Plans annotated as “plots continue on sheet x”. This helps the reader identify where the plots continue on the next or previous sheet. Each plot only appears once on each sheet of the Land Plans. For example, Crown land shown orange on the Land Plans together forms plot 1/1 on sheet 1, plot 2/1 on sheet 2, plot 3/3 on sheet 3 and plot 4/34 on sheet 4. There is no overlap between those plots. The Order limits (a term used in the DCO) are shown by a red line on the Land Plans.
- 3.1.2. Part 1 of this Book of Reference (Chapter 4) provides in a table the sheet number of the Land Plans, the plot number and a description of the relevant land. It gives the area in square metres of the relevant plot. Those areas are not repeated in Parts 2 to 5 of this Book of Reference.
- 3.1.3. The term ‘approximately’ is used before all plot area measurements as the measurements are given in square metres and is rounded up to the nearest whole square metre.
- 3.1.4. The description of each plot of land also includes reference to a summary of the principal power(s) sought in the draft DCO in respect of that plot. The table below is provided to explain the relationship between that description, the power and the relevant Article of the draft Development Consent Order (Application document 3.1) and the colour allocated to the power in the Land Plans (Application document 4.5)
- 3.1.5. As can be seen from the table, the plots shaded green represent the parts of the Order land in respect of which powers of temporary possession and use are sought only. The plots shaded blue or shaded and hatched blue represent the parts of the Order land in respect of which powers to acquire or create rights and impose restrictive covenants are sought only, but which may also be subject to temporary possession and use. The plots shaded pink represent the parts of the Order land in respect of which powers to acquire all interests in land, to acquire or create rights and of temporary possession and use are sought. The plots shaded purple represent the parts of the Order land in respect of which powers to extinguish, interfere with or suspend easements or private rights are sought. The Order land (a term used in the DCO), being the totality of the land over which compulsory acquisition powers are sought, is therefore shaded green, blue, purple and pink and shaded and hatched blue on the Land Plans.
- 3.1.6. The land shaded orange on the Land Plans is land owned by the Crown subject to the leasehold ownership of ABP within the Order limits. The land shaded brown on the Land Plans forms part of the public highway within the Order limits. The land shaded yellow on the Land Plans is land in the ownership of ABP in the Order limits. No powers of compulsory acquisition of land or rights or temporary possession or use of land are sought over the land shaded orange, brown and

yellow and it does not form part of the Order land (as defined in the DCO). It is not proposed that any interests of ABP are to be subject to powers of compulsory acquisition of land or rights, of temporary possession or use of land or extinguishment, suspension or interference. Accordingly, ABP's interests are excluded from the power set out in the description of land in each row of this Book of Reference. For consistency this is the case even where diligent inquiry has not identified any ABP interest at this stage.

**Table 1-1 Relationship with the Land Plans and DCO**

### 3.2. How to use this Book of Reference

3.2.1. The table below provides a step-by-step guide to enable any person with an interest in the land to identify how the Applicant's proposals may affect the land in which they have an interest.

**Table 1-2 How to use this Book of Reference**

<b>Step One</b>
Look at the Land Plans (Application document 4.5) and find the area (plot(s)) of land in which you have an interest
<b>Step Two</b>
Note the colour and the number of the plot(s)
Using table 3.1 above, the colour of the plot(s) will tell you of the purpose for which the land is required
<b>Step Three</b>
Use the plot(s) number to identify where the land is referred to in other DCO application documents:
This Book of Reference – Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land
The Statement of Reasons (application document 4.1) – Particularly annex A, which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and references each plot in the book of reference to these purposes
The draft Development consent Order (DCO) (Application document [x]) – Which contains the powers needed to carry out the Scheme, and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 3.1
