Date: 09 August 2011

Dear Sirs,

**IPC Application Ref: TR040001**  
**The Proposed Network Rail (North Doncaster Chord) Order**

I refer to the letter and supporting documents relating to the above application which were sent to English Heritage by Network Rail on 27<sup>th</sup> July, 2011.

From the information provided, we consider that the proposals would be unlikely to have a significant effect upon any designated heritage assets. In the case of non-designated heritage assets, we would defer to the expertise of South Yorkshire Archaeology Service and, where an adverse impact has been identified, would support the mitigation measures which Network Rail has agreed with SYAS in order to reduce the identified harmful effects upon those assets.

If you have any queries about any of the matters raised above or would like to discuss anything further, please do not hesitate to contact me.

Yours faithfully,

**Ian Smith**
