OFFICIAL

Good Afternoon

Apologies I thought we had communicated this back to you. The project has now been stopped with no further funding to take it forward or future plans for funding in the pipeline from either Department for Transport or Heathrow Airport so please consider the project closed with no future submissions.

Happy to be the contact if required although suspect if the project is closed you don't require one.

Thanks

Anna

You don't often get email from wrlth@planninginspectorate.gov.uk. [Learn why this is important](#)

Dear sir

I am writing to you as we are currently carrying out a review of cases at the pre-application stage on the [Planning Inspectorate's National Infrastructure website](#) in order to support our future resource forecasting models.

It appears that no significant action has taken place on this project for some period of time and therefore, it would be extremely helpful if you could provide an update to confirm:

- a) Whether the Applicant still intends to submit the application;
- b) If so, any estimated timescales for doing so;
- c) The point of contact (with their details) for this project.

Following receipt of this information we will update the project page on our website.

Alternatively, if the Applicant no longer intends to submit the application, please provide written confirmation that the project is withdrawn; we will then remove it from the National Infrastructure website in due course.

If we do not hear back from you by the 31st of October, we will change the submission date to TBD.

I look forward to hearing from you.

Kind Regards,
