Author: Womble Bond Dickinson (UK) LLP

Version: 1

Date: November 2020

Application by North Somerset District Council for an Order Granting Development Consent for the Portishead Branch Line – MetroWest Phase 1

Application Ref: TRO400011

Status of Negotiations with owners of principal parts of the Order Lands: 23 November 2020

Introduction

1. North Somerset Council ("the Applicant") has been in discussions with the landowners (and representing land agents) from whom the Applicant requires land/rights over land to deliver the project. Discussions have focussed around Heads of Terms ("HoTs") for an option for the acquisition of land and/or rights over land.
2. Discussions with the 44 non-residential landowners from whom the Applicant seeks to acquire land and/or rights over land are ongoing. To date a total of 9 (20%) of the affected landowners have signed HoTs for either an Option Agreement, Deed of Easement or Transfer of Land in order to secure the necessary land and rights over their land.
3. In relation to the residential properties at Lodway Close, Hardwick Road and Sambourne Lane in Pill, out of 38 properties agreements have been exchanged with 20 parties. Although a small number of landowners have not engaged, the Applicant is continuing to engage with a further 13 parties and remains hopeful that agreements will be signed with them in the near future.
4. The Applicant is also liaising with various statutory undertakers including Bristol Water, CLH Pipelines, Openreach, National Grid, Wales & West Utilities, Wessex Water Services, Western Power, Bristol Port, and Network Rail in respect of Protective Agreements and Protective Provisions for the Project. It is anticipated that Protective Agreements and Protective Provisions for the statutory undertakers will be agreed during the course of the Examination.
5. The following table 1:
 - a) identifies the principal interests in the Order Land affected by the DCO Scheme;
 - b) explains the relationships between owners, tenants/lessees and occupiers, and
 - c) provided a summary of the Applicant's progress with negotiations to secure the interests in the Order Land by agreement.

The table includes the landowner, and includes details of the landowner's affected plots together with a general description of its land. Each table then includes details of lessees, tenants or occupiers with interests in that land. The status of negotiations with each party is individually set out.

6. The owners and occupiers of land at Hardwick Close and Sambourne Lane in Pill are covered in Table 2 of this Schedule (Page 58).

One key area interfaces was at a location where the Ashton Vale to Temple Meads Guided Busway intersected with the MetroWest red line. Bristol City Council (BCC) were updated throughout 2017 and 2018 and responded to queries regarding certain parcels. The extent of the land required from BCC was fixed in Summer 2019 and this was confirmed to BCC along with a request to enter into an option to procure the land parcels. Following additional land registered by BCC, identified in September 2019, Heads of Terms will be issued in due course.</p> <p>The Applicant has discussed with the City Council methods for acquiring and using land temporarily. A meeting was held on 5th August 2020 between Bristol City Council and the Applicant. The details of proposed agreement types were discussed and draft agreements are currently in progress.</p> <p><i>Update to November 2020:</i> The Applicant's Solicitor and Bristol City Council are progressing the legal paperwork and draft Heads of Terms.</p>

Following various discussions, Heads of Terms were issued in June 2018. The response was not favourable due to the impact on their property's garden. Ardent discussed their concerns with the Applicant. In October 2018, it was decided the proposed permanent land could be removed, providing Mr & Mrs L accept liability for the land. Following this, a letter was issued to this effect in November 2018. Mr & Mrs L responded verbally to confirm they were not willing to agree in writing. A decision was made to remove land from red line in January 2019. Ardent updated Mr & Mrs L regarding the removal of the permanent land. WW will require a right of access to manhole. 7. Ashton Vale Crossing. Proposed ramp will impact on foul sewer that is only used by Babcock. This will either be diverted on to Network Rail land or a private foul sewer will be constructed on Babcock's land if agreement is reached – no power for the diversion is included in the DCO application. <p>Detailed discussions were held as to whether the main foul sewer located under the proposed Portishead Station could be diverted. The parties agreed that diverting the foul sewer would not be possible and as such it would be left in situ with suitable protective measures agreed through a build over agreement and Protective Provisions.</p> <p>Wessex Water had concerns regarding the Portbury Hundred Pumping Station and how they would deal with flooding as their current solution is to pump the water over the former railway to the other side of the track which will not be possible once the railway is operation. To resolve this NSC / NR will clear the existing drains and replace the culvert which should enable the water to drain to the other side of the track without forced means.</p> <p>A design for the proposed access and parking adjacent to Wessex Water's pumping station has been agreed and discussions are on-going to agree terms to acquire this land.</p>

The following summarises the land required from Alliance Homes:</p> <ul style="list-style-type: none"> • 9 of garages, occupied by licences • Verge land • Homes owned by Alliance Homes <p>The first meeting with Alliance Homes took place on the 4th February 2016. At this meeting the land requirements were discussed in general, although the main emphasis of the meeting was how to deal with the land on which the garages are erected. The block of garages are owned predominantly by Alliance Homes although there are two other interests. As the garages were to be demolished, the Applicant proposed an agreement whereby they would acquire the other and once the occupation of the site as a construction area was completed the whole site would be transferred to Alliance Homes to enable a comprehensive view to be planned for the whole site once the DCO Scheme has finished with the land. This proposal was set out to Alliance Homes in 2017 and since this time the Applicant has kept Alliance Homes appraised of the DCO Scheme developments and the last meeting was held on the 12th March 2019. Following this meeting two letters were issued to Alliance Homes setting out various proposals. Ardent await a response to these letters and, once received, will be in a position to issue Heads of Terms.</p>

						<p>Following regular chasing for comments on the letters issued to Alliance Homes by Ardent at the end of March / beginning of April 2019, due to staff reorganisation within Alliance Homes, engagement was not progressed with them until March 2020. Heads of Terms have been discussed and negotiated and Alliance Homes put the proposals to their Senior Leadership Team (SLT) Committee in September to approve disposal and uses of land on the terms proposed. Ardent will continue to engage with Alliance Homes to finalise the HoTs so solicitors can be instructed to document the various grants, temporary uses and disposals required.</p> <p><i>Update to November 2020:</i> In September 2020, the Applicant's Agent contacted the Landowner for an update and to offer a site meeting on 29 September 2020.</p> <p>A response has not yet been received by the Applicant's Agent, following numerous requests for updates between the end of September and November.</p>
