Planning Act 2008- section 92

Application by North Somerset District Council for an Order granting Development Consent for the Portishead Branch Line – MetroWest Phase 1

Agenda for Compulsory Acquisition Hearing

Date:	Wednesday 3 March 2021
Joining available from:	9:30am ¹
Meeting start time:	10:00am ²
Location:	Virtual event

All Affected Persons are invited to attend the compulsory acquisition hearing but as the event is being held virtually it would assist with the running of the hearing if you could let the Inspectorate's Case Team (Metrowest1@planninginspectorate.gov.uk) know by **Friday 26 February 2021** if you wish to participate in the hearing so that the relevant instructions can be sent for you to join the event.

Each Affected Person is entitled to make oral representations at hearings. However, this is subject to the Examining Authority's (ExA) power to control hearings.

The virtual event will be open 30 minutes prior to the start of the hearing to enable a prompt start. Hearings will finish as soon as the ExA deems that all those present have had their say and that all matters have been covered.

The agenda is for guidance only. It is not designed to be exclusive or exhaustive. The ExA may add other issues for consideration, may alter the order in which issues are considered and will seek to allocate sufficient time to each issue to allow proper consideration of them. Any lack of discussion of a particular issue at a hearing does not preclude further examination of this issue, including the asking of further written questions.

Every effort will be made to ensure that the issues will be discussed on the day that they are scheduled for. Should the consideration of these issues take less time

¹ Full instructions on how to join online or by telephone will be provided in advance of the meeting to those who register to participate.

² If you are joining as an active participant, please follow the joining instructions for the virtual event carefully and connect to the Hearing in good time. In common with traditional Hearings, the event will start on time irrespective of any late arrivals, for whom access may not be possible.

than anticipated, the ExA may conclude the Hearing as soon as all relevant contributions have been made and all questions asked and responded to.

If there are additional matters to be dealt with or there are submissions that take a considerable amount of time, there may be a need to continue the session for longer on the day. Alternatively, it may be necessary to prioritise matters and defer others to further written questions.

Please Note:

In order to ensure timely publication of the agenda, this has been drafted before the receipt of submissions for Deadline 5. As such any reference to documents may be superseded by Deadline 5. As a consequence, the ExA may need to adjust the agenda at the hearing to allow for responses and updated documents received at this deadline.

Agenda

The main purpose of the first Compulsory Acquisition hearing is;

- To consider the compulsory acquisition and related provisions within the draft Development Consent Order (DCO);
- To consider whether the conditions relating to the purpose for which compulsory acquisition may be authorised would be met;
- To discharge the ExA's duty to hear persons affected by Compulsory Acquisition (CA) and Temporary Possession (TP) proposals (Affected Persons) who request to be heard; and
- To address related matters.
