Author: Womble Bond Dickinson (UK) LLP

Version: 6

Date: April 2021

## INTRODUCTION

### The Portishead Branch Line (MetroWest Phase 1) Order - Compulsory Acquisition Schedule and Status Report

This document replaces the CA Schedules submitted by the Applicant at Deadlines 2, 3 and 5, and is an update to the CA Schedule submitted at Deadline 6. It has been prepared to provide the status of negotiations and agreements for all permanent or temporary rights required for the authorised development as at Deadline 7. The Rule 8 Letter dated 26 October 2020 requires the final version of the CA Schedule to be provided at Deadline 7, showing an updated breakdown as to the progress on agreements that are being negotiated.. This includes, where possible, an indication as to whether an agreement is likely to be reached before the end of the Examination.

Additionally this Schedule also identifies the status of cases where rights of temporary possession are sought and the status with Protective Agreements/Protective Provisions and/or Statements of Common Ground. This CA Schedule also provides an update on the status of the Applicant's negotiations with the relevant Crown Authorities in relation to obtaining consent pursuant to section 135 of the Planning Act 2008.

As set out in the Applicant's response to the ExA's actions from CAH2 (Document Reference: REP6-025), a total of 96% of the land required permanently for the authorised development is already within the ownership of the Applicant, is in the ownership of Network Rail, or is North Somerset Council adopted highway. With the completion of the agreement with the Forestry Commission following Deadline 7, a total of 52% by area of all land required for the authorised development (i.e. land required permanently, temporarily or where rights are to be granted) has been acquired by agreement by the Applicant or is subject to an option agreement.

The current status of negotiations in the 9 categories is summarised below:
