The Planning Inspectorate aims to communicate with people by email wherever possible, as electronic communication is more environmentally friendly and cost effective for the Planning Inspectorate as a government agency, given the volume and frequency of letters it needs to send to *Interested Parties* during an *Examination*. **Therefore if you provide an email address we will use this.**

If you say that you agree to receive communications by email, you can change your mind later provided you give us seven days notice, either in writing or by email.

## Section 2 - Your Representation

Here you should summarise the aspects of the *application* you agree and/or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than 500 words (please use extra paper if needed).

I strongly disagree with the application for the West Midlands Interchange proposal at Four Ashes.

I have lived at this address for 44 years and have witnessed a large increase in traffic flow on the nearby and visible M6 motorway. Ditto for the A5. If this application went ahead, the impact on this village of Calf Heath will be immense due to increased traffic, pollution and deterioration of road surfaces.

I've been told that there would be no obligation on prospective users of new factory/warehouse units to use the rail hub to bring in or take out goods.

The impact on this rural landscape of huge new warehouse sheds would be an assault to the mental well being of residents, while destroying productive green belt land.

Regarding the predicted jobs in a local area with very low unemployment, the travelling in and away by single use private car will only add to peak times congestion which is already dense.

Please check that you have completed all relevant sections, otherwise you may not be able to take part in the later stages of the *Examination*.

Please sign your form and give today's date, below:

The Planning Act 2008 process is primarily a written *Examination* process and if you are registered as an *Interested Party* you will have an opportunity, later in the *Examination* process, to provide a more detailed *Written Representation*.

You cannot reserve a right to make a *Representation* later without providing a summary of the points you intend to submit at this stage.

Your *Representation* should take the form of a summary of what you agree with and/ or disagree within the *application*, and any impacts you think it would have.

Please note that your *Representation* **must not** include material that is:

- vexatious or frivolous;
- about compensation for Compulsory Acquisition of land or of any *interest* in or right over land; or
- about the merits of policy set out in a National Policy Statement.

The information you include in the *Representation* section of this form will be used by the *Examining Authority* to carry out its *Initial Assessment of Principle Issues* and to decide the best way to examine the *application*.
