Just to confirm that my husband and I will both be attending the Snub the Hub meeting at the Molineux on Wednesday 27 February.

There has been no consideration taken of the increased traffic in the area even without the hub, and the number of new houses being built in the area will increase the traffic on the local roads even further.

It is very dangerous to pull out onto the A5 from Brewood at busy times and approaching Gailey island from the A449 shows some very interesting approaches about how to drive around a roundabout from drivers who have their own ideas.

Gridlock if the Hub goes ahead!

Kind regards,

M Heath
