Date: 05 April 2019 19:33:22

Good Afternoon

I am writing regarding the West Midlands Interchange project and the concerns myself and my fellow residents have raised.

The destruction of the green belt land as opposed to other brown belt sites is something that's should not be tolerated. The natural habitat of so many living things should be protected and respected. The beautiful countryside which so many people and animals adore should be preserved.

The roads surrounding the proposed site are already over run and there is not sufficient infrastructure to support this. The impact of thousands more HGV's is a dangerous proposition and the impact to the environment catastrophic. The M6 Junctions 10 - 15 is prone to lorry accidents on a weakly basis, it would be irresponsible to increase the traffic and risk of accidents in this area.

The area of the proposed development is loved and appreciated by so many residents, other communities and wildlife. Please do not destroy it.

Kind Regards
Charlotte Appleby

Dear Sir/Madam

West Midlands Interchange Project – TR050005

Your reference: 20015947

Please be advised that the Rule 8 letter has been published. This letter gives notice of the procedural decisions made following the Preliminary Meeting about the way in which the proposal for the above project is to be examined. This includes the timetable for the examination of the application and the Examining Authority's initial questions. It also requests Statements of Common Ground and Local Impact Reports, and invites Interested Parties to submit written representations.

All documents in relation to this project can be viewed here:
