### Action List – Environmental Matters Hearing 6 June 2019

Agenda Item	Action	Deadline
3 – Air Quality	SSDC to submit Air Quality Consultants reports into the Examination	DL4 (Post Hearing Submissions) 14 June
	Applicant to liaise with Wolverhampton Council, Walsall Council and Cannock Chase Council to seek to obtain their view on the Air Quality Assessment and its findings and the effect on AQMAs in their administrative areas.	As soon as possible – ongoing action
	SSDC to confirm its approach to Air Quality monitoring and which of the AQMAs has been removed, having reached its target.	DL4 (Post Hearing Submissions) 14 June
	Applicant to confirm the number of properties at Receptor 7A	
	Applicant to provide a note on what mitigation options might be available for Receptor 7A (if applicable)	
	Applicant to confirm the full extent of the AQ assessment including in relation to Crateford Lane	
	Applicant to reconsider ExQ1.8.10 in respect of operational monitoring	
4 – Noise	SSDC to submit Hepworth Consultants reports into the Examination	DL4 (Post Hearing Submissions) 14 June
	CRT to confirm how the canal boats are used including the length of licence terms	
	Applicant to consider if any other mitigation for canal users is workable for moorings.	
	CRT to provide the Applicant with further information on moorings so that the Applicant may revisit assumptions and confirm whether this results in any change in the noise assessment.	
	Applicant to provide non-technical summary of the noise insulation scheme	As soon as possible
5 – Ecology	Applicant to revisit paragraph 3.3.2 of the updated FEMMP in respect of the protection for future veteran trees	DL4 (Post Hearing Submissions) 14 June

Agenda Item	Action	Deadline
6 – Landscape & visual effects	CRT to respond to updated Parameter Plans submitted by the Applicant on 21 May	DL4 (Post Hearing Submissions) 14 June
	SSDC to confirm how lighting considerations for Bericote site were taken into account when detailed planning permission was granted.	
8 – Heritage	Applicant and SCC to confirm the common ground on the prospect of a significant archaeological find and the implications for variation to the written scheme of investigation	DL4 (Post Hearing Submissions) 14 June
9 – In combination effects on nearest residential receptors	Applicant to revisit paragraph 17.13 of ES Chapter 17 and clarify the worst case scenario in terms of approximate duration	DL4 (Post Hearing Submissions) 14 June
