Dear Mr Singleton

ExQ3 3.1.1

THE APPLICANTS DO NOT INTEND PUTTING RAIL INFRASTRUCTURE IN FOR 6 YEARS

We were led to believe that to make this a strategic development the rail hub needs to be built first. The onus is on the developer to prove without doubt that this ‘‘Strategic development’’ is necessary to destroy nearly 700 acres of green belt and that if it is given planning the rail terminal must be built before the warehouses, as we believe that the rail hub is a guise to build a large warehouse/industrial estate. From everything I have read the developer is failing to prove very special circumstances, therefore planning should not be allowed.

Kind regards
