ExQ3 3.1.1

Dear Sirs,

Further to the link recently received I would like to object strongly to the fact that the developer is now proposing to build warehousing only and the rail terminal may follow with a delay of up to 6 years. This proves that there is no urgent need for this project and is all about warehousing which could be located in any number of brownfield sites rather than the unnecessary destruction of green belt. Not to mention the congestion and pollution in semi-rural areas.

Anne Bott  
Penkridge.
