Dear Sir/Madam

Ref letter dated 13th December 2019

I was surprised to see further communications from the developer as I understood the deadline had passed.

I would like to reiterate that to be a rail served development rail links "must" be constructed as priority otherwise this will just become a collection of road based warehousing.

With the current declared climate emergency our green spaces and green belt land is even more important, there are no special circumstances which could ever justify its destruction.

Regards

D Langford
Coven
