**Dear Sir/Madam**

**Application for a non-material change to the West Midlands Interchange  
Development Consent Order**

We have been working closely with the developer on the detailed design of the highway infrastructure. We have no objections to the proposed non-material change and amendments to the certified drawings.

The detailed design approval process still needs to be completed in accordance with the DCO outside of the non-material change application.

Yours sincerely,

**James Chadwick**  
Principal Planning Policy Officer
