Dear Ms Mignino

Planning Act 2008 (as amended) – Section 55

Application by Roxhill (Junction 15) Limited for an Order Granting Development Consent for the Northampton Gateway Rail Freight Interchange

Adequacy of consultation request

Thank you for your letter of 21st May 2018 seeking the views of Northamptonshire County Council on the adequacy of the consultation undertaken by Roxhill (Junction 15) Limited in relation to the above development.

I am happy to confirm that Northamptonshire County Council considers the developers have met the requirements laid down by the Planning Act 2008 in this regard and that therefore the consultation has been adequate.

They consulted with us during the preparation of both their Phase 1 and Phase 2 Statements of Community Consultation, and took on board suggestions that we made at that time, particularly with regard to extending the area of the local community with which they consulted.

In particular, we are pleased that the developer has effectively engaged with us through detailed discussions at the Transport Working Group and also through briefings to senior offices and members.

Yours sincerely

Roy Boulton
