Response to Applicant’s Response to RR-700 re access to Woodleys Farmhouse Day Nursery

Vivian Blyth [PINS Ref: REP2-023]

Response to Applicants Document 8.3 response to relevant representation 700 – reference to access.

Local concern re access to Woodleys Farmhouse Day Nursery relates to the increase in traffic along the A508 and the fact that the proposed highway mitigation works are designed to make the traffic flow faster. The increase in the amount and speed of traffic would make it more difficult and dangerous for drivers to get in and out of the Nursery, especially at peak hours which generally coincide with children being dropped off and collected.

Obviously measures to relieve congestion would be necessary but more consideration needs to be given to making the road past the Nursery safer. I understand that another accident has occurred nearby (on 16th February 2019) in spite of recently introduced signage.
